Dwelling A Novel:

Dwelling Emily Hunt Kivel, 2025-08-05 A dazzling surrealist fairy tale of a young woman's quest for house and home from New York to the Texas hinterlands and maybe back again. The world is ending. It has been ending for some time. When did the ending begin? Perhaps when Evie's mother died, or when her father died soon after. Perhaps when her sister Elena was forcibly institutionalized in a psychiatric hippie commune in Colorado. Certainly at some point over the last year as New York City spun down the tubes as bedbugs and vultures descended as apartments crumbled to the ground and no one had the time or money to fight it or even really to notice. And then one day the ending is complete. Every renter is evicted en masse, leaving only the landlords and owners, the demented, the aristocratic, the luckiest few. Evie, parentless, sisterless, basically friendless, underemployed, has nothing and no one. Except she remembers a second cousin in Texas in a strange town called Gulluck where nothing is as it seems. And so in the surreal, dislodged landscape beyond the known world, a place of albino cicadas and gardeners and thieves of cobblers and shoemakers and one very large fish, a place governed by mysterious logic and perhaps even miracles, Evie sets out in search of a home. A wry and buoyant fairy tale set at the apex of the housing crisis, Emily Hunt Kivel's **Dwelling** takes us on a hapless hero's journey to the end of the world and back again. Madcap and magical, hilarious and existential, **Dwelling** holds a funhouse mirror to our moment for anyone in search of space, belonging, and some semblance of justice.

The Dwelling Susie Moloney, 2003-03-05 The house had history. Perhaps too much history. 362 Belisle Street is a homeowner's dream. A nice neighborhood close to schools, new hardwood floors, unique original detail. So why then, wonders real estate agent Glenn Darnley, won't this charming property stay off the market? Perhaps the clawed feet of the antique bathtub look a little too threatening. Or maybe it's the faint, hospital-like smell of the room off the top of the stairs. It's possible that the haunting music that pours out from under the steps keeps the residents awake at night. In the three parts of Susie Moloney's hair-raising novel, **The Dwelling**, ownership of 362 Belisle changes four times, with Glenn Darnley brokering each deal. The first occupants are a young couple, Rebecca and Daniel Mason, who have big dreams of wealth and success. It doesn't take long for them to realize that they're not welcome in their new house. After a ghostly seduction and a violent confrontation, the property is once again for sale. Next comes Barbara Parkins, a divorcee and her unhappy young son, Petey. Lonely and looking for companionship, the two find comfort in some new, playful young friends. When the Parkins family leaves, the house is sold again. Last ownership goes to Richie Bramley, a drunken writer and lost soul. But like the others, he can't settle down in this house, which has a mind and a heart of its own. For Glenn, however, the house is a dream, always warm and welcoming. The floors gleam and sun pours in through the windows. Owners come and 362 Belisle makes sure owners go. It's waiting patiently for its beloved to realize how much it loves her. It's waiting for Glenn, the very special person who can finally turn this house into a home. **The Dwelling** is clever, scary, and ultimately moving. It's a novel for everyone who ever spent time looking for just the right house.

Modernity and the English Rural Novel Dominic Head,2017-04-07 This book examines the persistence of the rural tradition in the English novel into the twentieth century In the shadow of metropolitan literary culture rural writing can seem to strive for a fantasy version of England with no compelling social or historical relevance Dominic Head argues that the apparent disconnection is in itself a response to modernity rather than a refusal to engage with it and that the important writers in this tradition have had a significant bearing on the trajectory of English cultural life through the twentieth century At the heart of the discussion is the English rural regional novel of the 1920s and 1930s which reveals significant points of overlap with mainstream literary culture and the legacies of modernism Rural writers refashioned the conventions of the tradition and the effects of literary nostalgia to produce the swansong of a fading genre with resonances that are still relevant today
