Animals, Anthropomorphism and Mediated Encounters Claire Parkinson,2019-07-23 This book critically investigates the pervasiveness of anthropomorphised animals in

popular culture Anthropomorphism in popular visual media has long been denounced for being unsophisticated or emotionally manipulative It is often criticised for over expressing similarities between humans and other animals This book focuses on everyday encounters with visual representations of anthropomorphised animals and considers how attributing other animals with humanlike qualities speaks to a complex set of power relations Through a series of case studies it explores how anthropomorphism is produced and circulated and proposes that it can serve to create both misunderstandings and empathetic connections between humans and other animals This book will appeal to academics and students interested in visual media animal studies sociology and cultural studies

A Selection of Reading Lessons for Common Schools Levi Washburn Leonard,1830 **Tullidge's Histories, (volume II) Containing the History of All the Northern, Eastern and Western Counties of Utah** Edward William Tullidge,1889 **Roman Imperialism and Civic Patronage** Brenda Longfellow,2011

In this book Brenda Longfellow examines one of the features of Roman Imperial cities the monumental civic fountain Built in cities throughout the Roman Empire during the first through third centuries AD these fountains were imposing in size frequently adorned with grand sculptures and often placed in highly trafficked areas Over twenty five of these urban complexes can be associated with emperors Dr Longfellow situates each of these examples within its urban environment and investigates the edifice as a product of an individual patron and a particular historical and geographical context She also considers the role of civic patronage in fostering a dialogue between imperial and provincial elites with the local urban environment Tracing the development of the genre across the empire she illuminates the motives and ideologies of imperial and local benefactors in Rome and the provinces and explores the complex interplay of imperial power patronage and the local urban environment

The Routledge Handbook of Animal Ethics Bob Fischer,2019-12-06 There isn't one conversation about animal ethics Instead there are several important ones that are scattered across many disciplines This volume both surveys the field of animal ethics and draws professional philosophers graduate students and undergraduates more deeply into the discussions that are happening outside of philosophy departments To that end the volume contains more nonphilosophers than philosophers explicitly inviting scholars from other fields such as animal science ecology economics psychology law environmental science and applied biology among others to bring their own disciplinary resources to bear on matters that affect animals The Routledge Handbook of Animal Ethics is composed of 44 chapters all appearing in print here for the first time and organized into the following six sections I Thinking About Animals II Animal Agriculture and Hunting III Animal Research and Genetic Engineering IV Companion Animals V Wild Animals Conservation Management and Ethics VI Animal Activism The chapters are brief and they have been written in a way that is accessible to serious undergraduate students regardless of their field of study The volume covers everything from animal cognition to the state of current fisheries from genetic modification to intersection animal activism It is a resource designed for anyone interested in the moral issues that emerge from human interactions with animals
