Andrew Henry's Meadow Doris Burn,2012-07-05 A classic reissued for a new generation Andrew Henry has two younger brothers who are always together and two older sisters who are always together But Andrew Henry is in the middle and he s always with himself He doesn t mind this very much because he s an inventor But when Andrew Henry s family doesn t appreciate him or his inventions he decides it s time to run away Many children in the neighborhood feel the same way and follow him to his meadow where he builds each of his friends a unique house of their very own But in town the families miss their children and do everything they can to find them And the kids realize that it feels a little lonely out in the meadow without their parents Just as relevant today as it was in 1967 this is a heart warming story about children who want to feel special and appreciated for who they are With a new jacket and expanded trim size Andrew Henry is ready to enchant the next generation of kids

Andrew Henry's Meadow Doris Burn,1965 Andrew s enthusiasm for building creates problems at home so he moves to a meadow with eight of his friends each of whom has a special interest no one seems to appreciate With his friends Henry solves his problem
