Andrew Jackson Ronald E. Shaw ,1969 The A to Z of the Jacksonian Era and Manifest Destiny Terry Corps,2009-07-27 The brief period from 1829 to 1849 was one of the most important in American history During just two decades the American government was strengthened the political system consolidated and the economy diversified All the while literature and the arts the press and philanthropy urbanization and religious revivalism sparked other changes The belief in Manifest Destiny simultaneously caused expansion across the continent and the wretched treatment of the Native Americans while arguments over slavery slowly tore a rift in the country as sectional divisions grew and a national crisis became almost inevitable The A to Z of the Jacksonian Era and Manifest Destiny takes a close look at these sensitive years Through a chronology that traces events year by year and sometimes even month by month actions are clearly delineated The introduction summarizes the major trends of the epoch and the four administrations therein The details are then supplied in several hundred cross referenced dictionary entries and the bibliography concludes this essential tool for anyone interested in history **Historical Dictionary of the Jacksonian Era and Manifest Destiny** Mark R. Cheatham,Terry Corps,2016-12-13 The Jacksonian period under review in this dictionary served as a transition period for the United States The growing pains of the republic s infancy during which time Americans learned that their nation would survive transitions of political power gave way to the uncertainty of adolescence While the United States did not win its second war the War of 1812 with its mother country it reaffirmed its independence and experienced significant maturation in many areas following the conflict s end in 1815 As the second generation of leaders took charge in the 1820s the United States experienced the challenges of adulthood The height of those adult years from 1829 to 1849 is the focus of the Historical Dictionary of the Jacksonian Era and Manifest Destiny This second edition of Historical Dictionary of the Jacksonian Era and Manifest Destiny contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 200 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about this era in American history Dictionary Catalog of the Department Library United States. Department of the Interior. Library,1969 **Dissenting Voices in America's Rise to Power** David Mayers,2007-02-15 This book offers a major rereading of US foreign policy from Thomas Jefferson s purchase of Louisiana expanse to the Korean War This period of one hundred and fifty years saw the expansion of the United States from fragile republic to transcontinental giant David Mayers explores the dissenting voices which accompanied this dramatic ascent focusing on dissenters within the political and military establishment and on the recurrent patterns of dissent that have transcended particular policies and crises The most stubborn of these sprang from anxiety over the material and political costs of empire while other strands of dissent have been rooted in ideas of exigent justice realpolitik and moral duties existing beyond borders Such dissent is evident again in the contemporary world when the US

occupies the position of preeminent global power Professor Mayers s study reminds us that America s path to power was not as straightforward as it might now seem *Bibliographies in American History, 1942-1978* Henry Putney Beers,1982
