

# Andy Warhol Photographs

**Andy Warhol, William V. Ganis**

## **Andy Warhol Photographs:**

Andy Warhol Photographs Andy Warhol, 1990      **Andy Warhol Photographs** Stephen Koch, 1987      **Image Machine** Joseph D. Ketner (II), 2012 *Image Machine* examines the role of the photograph in Andy Warhol's art its relationship to his portrait painting and his late paintings and prints and his rigorous documentation of his social life      Andy Warhol Photography : the Andy Warhol Museum, Pittsburgh, Hamburg Kunsthalle Andy Warhol, Candice Breitz, 1999 Billed as the first book to examine Warhol's use of photography as inspiration artistic resource and documentary means this book features contributions from a variety of authors including Callie Angel Hubertus Butin Mark Francis and Margery King 300 duotone and 110 color plates      *Nadar--Warhol, Paris--New York* Gordon Baldwin, Judith Keller, 1999 This engaging catalog features the photographic portraiture of the nineteenth century Parisian Nadar and the twentieth century New Yorker Andy Warhol The two photographers have more in common than one might suppose particularly as adroit manipulators who simultaneously promoted their own reputations and those of their subjects Both men emerged from the Bohemia of their day to become photographers after following earlier artistic pursuits Nadar as a writer and caricaturist Warhol as a commercial graphic artist then painter and filmmaker While celebrating their individual achievements Nadar Warhol Paris New York also illuminates the role of the visual artist in the conscious creation of celebrity and the changing nature of fame Among the many portraits in this exhibition catalog are Nadar's photographs of such luminaries as George Sand Alexandre Dumas Victor Hugo Jean Fran ois Millet and Sarah Bernhardt and Warhol's images of celebrities including Mick Jagger Truman Capote Jane Fonda Robert Rauschenberg Debbie Harry Robert Mapplethorpe and Liza Minnelli      *Contact Warhol* Peggy Phelan, Richard Meyer, 2018-10-23 Andy Warhol's daily practice of photography during the last decade of his life examined and documented for the first time A picture means I know where I was every minute That's why I take pictures Andy Warhol From 1976 until his death in 1987 Andy Warhol was never without his camera He snapped photos at discos dinner parties flea markets and wrestling matches Friends boyfriends business associates socialites celebrities passers by all captured Warhol's attention at least for the moment he looked through the lens In a way Warhol's daily photography practice anticipated our current smart phone habits our need to record our friends our families and our food Warhol printed only about 17 percent of the 130 000 exposures he left on contact sheets In 2014 Stanford's Cantor Center for the Arts acquired the 3 600 contact sheets from the Warhol Foundation This book examines and documents for the first time these contact sheets and photographs Warhol's final body of work Peggy Phelan and Richard Meyer analyze the contact sheets never before seen and their importance in Warhol's oeuvre Accompanying their text and other essays are reproductions of contact sheets photographs and other visual material The contact sheets present Warhol's point of view unedited we know where he was every minute because a photograph remembers it Copublished with the Cantor Arts Center      **Andy Warhol, photographs** Stephen Koch, 1975      **Andy Warhol's Serial Photography** William V. Ganis, 2004-06-28 Between 1982 and 1987 Andy Warhol created 503 works

composed of black and white photographic prints stitched together with thread. Indebted to his earlier silkscreen paintings, these works were also the result of lifelong photographic exploration and a prolific decade when the artist shot over 124,000 frames. In an effort to interpret Warhol's enigmatic photographic series, this study contextualizes them within the history of photography and the art world of the 1980s. William Ganis demonstrates how Warhol manipulates the tenets of modern art photography to create ambiguity in the perception of the images. Andy Warhol Andy Warhol, William V. Ganis, 2009. Exhibition Catalog presents Andy Warhol's gelatin silver and polaroid photos exploring Warhol's photographs in three ways: as a source of images for other artistic endeavors, as an attempt to fashion a media presentation out of life, and as evidence of Warhol's interest in the interchangeability of art and life. Andy Warhol Andy Warhol, 2008-01-01. Timothy Taylor Gallery is delighted to present Andy Warhol Portraits and Landscapes, an exhibition selected and installed by independent curator Steven Bluttal, of over 200 unique 10 x 8 black and white photographs, almost all of which have not been seen before. Shot during the last ten years of his life, between 1976 and 1987, they give a remarkable insight into Warhol's photographic practice and his preoccupation with documenting everyday life. Taken as he moved around Manhattan and other cities, including London, literally snapping everything that came his way, they portray a collection of commonplace objects, including dog food, toilets, chairs, sidewalks, garbage, storefronts, shirts, teacups, mannequins, drunks, pigeons, sausages, toys, place settings, and aeroplanes. The exhibition coincides with the 21st anniversary of his death, in what would have been his 80th year.

**Andy Warhol, photographs** Andy Warhol, 1987. *Andy Warhol* Reva Wolf, 2010-04-27. Photographs and essays that explore the interconnections between the private and the public in the work of Andy Warhol. **Warhol** Christopher Makos, 1989. These 150 black and white photographs, taken by Christopher Makos, Warhol's intimate friend for 14 years, reveal a new and original view of Warhol, the most intriguing and enigmatic artist of the 20th century. **All Tomorrow's Parties** Billy Name, Dave Hickey, Collier Schorr, 1997. Billy Name was the principal photographer of Andy Warhol's Factory. Now *All Tomorrow's Parties* reproduces for the first time Billy Name's recently discovered photos of Warhol, his crowd, and the Factory years, images that give the era another dimension. These color photos, with their experimental use of weird color balances and diptych printing, are uncannily contemporary. Together with Dave Hickey's essay and Collier Schorr's interview, Billy Name's photos reveal the Factory in all its intimate grunge and glamour. 135 photos, 122 in color. *Andy Warhol* Stephen Petersen, 2010. This catalog opens with an essay by Stephen Petersen on Andy Warhol's ongoing experimentation with instant photography, made possible by the development of the popular Polaroid Big Shot camera and other point-and-shoot cameras in the 1970s. Petersen also discusses more than sixty images, including Polaroids and black and white prints, with new research identifying their subjects and dates. This is the catalog to the exhibition of photographs by Andy Warhol, gifted to the University of Delaware by the Warhol Legacy Program. **Warhol's New York** Andy Warhol, American River College, James Kaneko Gallery, Andy Warhol Foundation for the Visual Arts, 2012. *Andy* Christopher Makos, 2001.

Christopher Makos described by Andy Warhol as the most modern photographer in America has a history of seeing trends fashions and social movements long before most others His book *White Trash* published in 1977 attracted a lot of attention and included maven of contemporary culture along with pictures of the emerging punk rock music scene In 1981 inspired by Rose Selavy the famous photographs Man Ray took of Marcel Duchamp in drag in 1921 Christopher Makos created the *Altered Images* series of Andy Warhol Until now the story behind the pictures including the extent of Andy's participation and enthusiasm has never really been told Andy includes every image from these historic photo sessions along with the inside story of the vibrant collaboration between Warhol and Makos Jacket **Andy Warhol**, 1999 Andy Warhol photography Andy Warhol, Christoph Heinrich, Hamburger Kunsthalle, Andy Warhol Museum, 1999 Andy Warhol Andy Warhol, 2010 Starting in 1976 Andy Warhol shot several rolls of film every week and selected images for his book *Andy Warhol's Exposures* published in 1979 He had intended to title it *Social Diseases* but his concept was heavily watered down by his publishers at the time and many of the selected images were removed This book presents the previously unpublished and unexhibited photographs over 70 unique vintage black and white photographic prints that Warhol originally selected for his book It has been edited and introduced by Bob Colacello who was also executive editor of the original book There is a sense of intimacy as well as of voyeurism of funny looking insecure wistful Andy through flattery and attentiveness trying to connect Yet because he was not just any photographer but a famous artist a star there is often a sense that the looking is being done at the man with the camera as well as by him In some cases the subjects are clearly performing for their fellow luminary or close friend or boss As spontaneous as these images may seem they are intrinsically staged with Warhol himself as both chronicler and catalyst of the moments he is documenting And what moments they are Only Andy could get David Hockney in extra brief running shorts or Susan Sontag batting her eyelashes across a fancy restaurant table at Gloria Vanderbilt or Halston's Venezuelan window dresser and lover Victor Hugo sitting under Goya's *Red Boy* in Kitty Miller's Park Avenue parlor Bob Coacello

## Decoding **Andy Warhol Photographs**: Revealing the Captivating Potential of Verbal Expression
