*The Oxford Handbook of Soviet Underground Culture* Mark Lipovetsky,Maria Engström,Tomáš Glanc,Ilja Kukuj,Klavdia Smola,2024 In 1932 the Central Committee of the Communist Party issued the resolution On the Restructuring of Literary and Arts Organizations This resolution put an end to the coexistence of aesthetically different groups and associations of writers and artists that had been common during the 1920s

and instead led to the establishment of the monopoly of Socialist Realism in 1934 Ironically this resolution unwittingly created a rich literary and artistic production of underground intellectuals known as the Soviet underground during an era of political and aesthetic censorship in the Soviet Union The Oxford Handbook of Soviet Underground Culture is the first comprehensive English language volume covering a history of Soviet artistic and literary underground In forty four chapters an international group of leading scholars introduce readers to a web of subcultures within the underground highlight the culture achievements of the Soviet underground from the 1930s through the 1980s emphasize the multimodality of this cultural phenomenon and situate the study of underground literary texts and artworks into their broader theoretical ideological and political contexts The volume presents readers with several approaches to mapping the underground that include chapters on nonconformist cultures in Ukraine Belarus Baltic countries Central Asia and provincial cities of Russian Federation Finally the volume also provides an analysis of groups shaped around religious and cultural identity as well as queer and feminist underground circles

*Andy Warhol and the Can that Sold the World* Gary Indiana, 2010-02-09 In the summer of 1962 Andy Warhol unveiled 32 Soup Cans in his first solo exhibition at the Ferus Gallery in Los Angeles and sent the art world reeling The responses ran from incredulity to outrage the poet Taylor Mead described the exhibition as a brilliant slap in the face to America The exhibition put Warhol on the map and transformed American culture forever Almost single handedly Warhol collapsed the centuries old distinction between high and low culture and created a new and radically modern aesthetic In *Andy Warhol and the Can that Sold the World* the dazzlingly versatile critic Gary Indiana tells the story of the genesis and impact of this iconic work of art With energy wit and tremendous perspicacity Indiana recovers the exhilaration and controversy of the Pop Art Revolution and the brilliant tormented and profoundly narcissistic figure at its vanguard

**Making Theory/Constructing Art** Daniel Herwitz, 1993-11 Artists and critics regularly enlist theory in their creation and assessment of artworks but few have scrutinized the art theories themselves *Making Theory Constructing Art* On the Authority of the Avant Garde is among the first philosophical texts to provide a close encounter with this theoretical tendency in twentieth century art and aesthetics exploring the norms assumptions historical conditions and institutions that have framed the development and uses of theory in art In a series of intricate readings of constructivism Mondrian and John Cage Daniel Herwitz outlines the avant garde s belief that theory can perfectly prefigure the avant garde art object and invest it with utopian force Through similarly insightful treatments of Arthur Danto Andy Warhol Jean Francois Lyotard Jean Baudrillard and postmodern art and theory Herwitz demonstrates how the contemporary art world is heir to the avant garde s theoretical assumptions and practices In fact avant garde art objects live as art only by partly resisting the master theories of their makers and interpreters Skillfully resisting the lure of grand theory himself Herwitz urges the art world to be more self

critical and self reflective about its uses of theory Making Theory Constructing Art is as accessible and entertainingly written as it is philosophically incisive Since the book is both a philosophical and a cultural encounter with theory in twentieth century art it will engage all those who have tried to grapple with the inscrutability of the theoretical art muse The Corvette in Literature and Culture Jerry W. Passon,2011-11-08 As the original American sports car the Chevrolet Corvette has come to represent power freedom and sexuality for more than half a century Yet it also hints at personal identity and style suggesting how effectively values and meaning are communicated through an object Using various critical perspectives this close analysis of this highly recognizable automobile finds diverse aspects of American culture revealed Topics covered include the Corvette in literature its ties to masculine identity including homosexuality as well as female sexuality and the Corvette as artistic object among others **Andy Warhol's Timeboxes** Andy Warhol, Gianni Salvaterra, Robert

Rosenblum,2006 Le Timeboxes o Time Capsules sono scatole di cartone tutte di identico formato in cui Andy Warhol nel corso degli anni letteralmente stip qualunque cosa gli passasse per le mani e di cui pur non avendone apparentemente necessit intendeva conservare la memoria un archivio gigantesco pi di seicento scatole conservate nell Andy Warhol Museum di Pittsburgh fatto non solo di corrispondenza e di pagine di giornale ma degli oggetti pi svariati Tuttavia inscatolare non significava per Warhol soltanto archiviare molto spesso da questi stralci da questi appunti di lavoro nascevano poi idee che rielaborate conducevano alla creazione di una nuova opera d arte La mostra triestina della quale gi l allestimento scaturisce dall interpretazione delle Time Capsules come icone del processo creativo di Warhol intende dunque proporre un ampia selezione della produzione dell artista dai ritratti alle fotografie alle maquettes fino agli stessi materiali contenuti nelle scatole suggerendo il concetto di una fondamentale continuit nel rapporto tra arte e vita Il catalogo rispecchia l horror vacui dell esistenza creativa di Andy Warhol ne riproduce la ricchezza e l intensit ed esso stesso a suo modo un oggetto d arte

Andy Warhol Michael O'Pray,1989 No Marketing Blurb *The 80/20 Principle, Expanded and Updated* Richard Koch,1999-10-19 Be more effective with less effort by learning how to identify and leverage the 80 20 principle that 80 percent of all our results in business and in life stem from a mere 20 percent of our efforts The 80 20 principle is one of the great secrets of highly effective people and organizations Did you know for example that 20 percent of customers account for 80 percent of revenues That 20 percent of our time accounts for 80 percent of the work we accomplish The 80 20 Principle shows how we can achieve much more with much less effort time and resources simply by identifying and focusing our efforts on the 20 percent that really counts Although the 80 20 principle has long influenced today s business world author Richard Koch reveals how the principle works and shows how we can use it in a systematic and practical way to vastly increase our effectiveness and improve our careers and our companies The unspoken corollary to the 80 20 principle is that little of what we spend our time on actually counts But by concentrating on those things that do we can unlock the enormous potential of the magic 20 percent and transform our effectiveness in our jobs our careers our businesses and our lives
