## **Angel Fire East:**

*Angel Fire East* Terry Brooks, 2001-01-18 That is Brooks way of casting spells transporting his readers into plausible realms where sorcery is alive whether those places are in other ages or right in the middle of our own As a result he s reaped more than a few magical moments Seattle Times As a Knight of the Word John Ross has struggled against the dark forces of the Void and his minions for twenty five years The grim future he dreams each night a world reduced to blood and ashes will come true unless he can stop them now in the present The birth of a gypsy morph a rare and dangerous creature that could be an invaluable weapon in his fight against the Void brings John Ross and Nest Freemark together again Twice before with the fate of the world hanging in the balance the lives of Ross and Nest have intersected Together they have prevailed But now they will face an ancient evil beyond anything they have ever encountered a demon of ruthless intelligence and feral cunning As a firestorm of evil erupts threatening to consume lives and shatter dreams they have but a single chance to solve the mystery of the Gypsy morph and their own profound connection Superior to most of the fantasy fiction being published today Rocky Mountain News

**Notices to Airmen** ,2003 First King of Shannara Terry Brooks, 2000-10-10 BONUS This edition contains an excerpt from Terry Brooks s *The Measure of the Magic* Horrified by the misuse of magic they had witnessed during the First War of the Races the Druids at Paranor devoted themselves to the study of the old sciences from the period before the collapse of civilization a thousand years before Only the Bremen and a few trusted associates still studied the arcane arts And for his persistence Bremen found himself outcast avoided by all but the few free thinkers among the Druids But his removal from Paranor was not altogether a terrible thing for Bremen learned that dark forces were on the move from the Northlands That seemingly invincible armies of trolls were fast conquering all that lay to their south That the scouts for the army and its principal assassins were Skull Bearers disfigured and transformed Druids who had fallen prey to the seductions of the magic arts And that at the heart of the evil tide was an archmage and former Druid named Brona Using the special skills he had acquired through his own study of Magic Bremen was able to penetrate the huge camp of the Troll army and learn many of its secrets And he immediately understood that if the peoples of the Four Lands were to escape eternal subjugation they would need to unite But even united they would need a weapon something so powerful that the evil magic of Brona the Warlock Lord would fail before its might
