Angelica Kauffmann:

Angelica Kauffmann. A Biography. - London, Ward and Downey 1892 Frances A. Gerard, 1892 *Angelica Kauffman* Bettina Baumgärtel, 2020 Angelica Kauffman 1741-1807 enjoyed an international reputation. She pursued a successful career and was one of the artist personalities of the Classical Age in London and Rome. She was admired by Goethe and Herder and her clients included queens and emperors from across the continent. Her life and work are presented in some 100 of her paintings and drawings including many new discoveries. This overview volume focuses on Kauffman's impact in England especially as the first female member of the Royal Academy of Arts as well as her work as a history painter, fashionable portraitist and champion of a new ideal of masculinity. Neoclassicism and Romanticism Silvestra Bietoletti, 2009 Neoclassicism which arose during the 18th Century's Age of Enlightenment was inspired by the rationality, simplicity and grandeur of ancient Greece and Rome. This book focuses on the influential Neoclassic and Romantic art movements. It illuminates the ideas and events that shaped this era of artistic ferment. Miss Angel Angelica Goodden, 2011-05-31 A word was coined to describe the condition of people stricken with a new kind of fever when the Swiss-born artist Angelica Kauffman 1741-1807 came to London in 1766. The whole world, it was said, is Angelica-mad. One of the most successful women artists in history, a painter who possessed what her friend Goethe called an unbelievable and massive talent, Kauffman became the toast of Georgian England, captivating society with her portraits, mythological scenes and decorative compositions. She knew and painted poets, novelists and playwrights, collaborating with them and illustrating their work. Her designs adorned the houses of the Grand Tourists she had met and painted in Italy: actors, statesmen, philosophers, kings and queen sat to her, and she was the force that launched a thousand engravings. Despite rumours of relationships with other artists including Sir Joshua Reynolds and an apparently bigamous and annulled first marriage to a pseudo Count, Kauffman was adopted by royalty in England and abroad as a model of social and artistic decorum. A profoundly learned artist but one who is loved above all for her tender adaptations from classical antiquity and sentimental literature, a commercially successful celebrity yet also a founding member of The Royal Academy of Arts, the virginal creator of sexually ambivalent beings who was one of the hardest-headed businesswomen of her age, Kauffman's life and work is full of apparent contradictions explored in this first biography in over 80 years. **Angelica Kauffmann, R.A.** Dorothy Moulton Mayer, 1972 Considered by her contemporaries to be one of the greatest and most influential painters of her time, Kauffman's reputation has since fluctuated. Now, with the revival of interest in the neo-classical era, she has regained her true position in the opulent *Femininity and Masculinity in Eighteenth-century Art and Culture* Gillian Perry, 1994. Focusing on the visual arts and written texts, this book explores the nature of femininity and masculinity in 18th-century Britain and France. The activities and collective conditions of women as producers of art and culture are investigated together with analysis of representation and the ways in which it might be gendered. This illustrated book should make an important contribution to debates on

representation constructions of sexuality and women as producers Topics covered include the artist Angelica Kauffman constructions of femininity and masculinity in contemporary travel writing feminine portraiture in the work of Joshua Reynolds the writer and poet Lady Mary Wortley Montagu women artists and the French Revolution the writer Mary Wollstonecraft the female role in the architecture of Robert Adam and the cult of male beauty in the studio of David
