Angels Of The Flood:

Angels of the Flood Joanna Hines,2013-02-12 An art conservator heads back to Florence to solve the mystery of a painting and a crime that still haunts her In 1966 when Florence s Arno River unleashed its worst flood in four hundred years killing people and destroying much of the city the teenage Kate Holland felt compelled to act She became one of the angels of the flood helping to restore Florence and in the process she fell in love with the city as well as with David one of her fellow volunteers She also forged a transformative friendship with a local girl Francesca But a shattering accident left Francesca dead and forced Kate to return to England Now a successful art conservator Kate is plunged back into her Florentine past David turns up at one of her lectures and she confides to him that an anonymous dealer has been sending her some unsettling paintings The works have been altered in ways that suggest a message for Kate specifically For instance a female figure is overpainted with blood that echoes Francesca s fatal injury Determined to get to the bottom of the mystery Kate and David set off for Italy Francesca s family had dark secrets and their power lingers Are the signals in the paintings a trap or a cry for help

Angels of the Flood Joanna Hines,2005-01 In 1966 the beautiful city of Florence was brought to the brink of ruin by a terrible flood The young volunteers from overseas who came to rescue the buildings paintings and sculptures became known as the Angels of the Flood Kate Holland was one of these angels until the hideous death of her friend Francesca forced her back to England with a vow never to return Now thirty years later someone has sent Kate a priceless Italian painting but it has been crudely tampered with What is the mysterious message at its heart Kate s trail leads her back to Italy to Francesca s family home and when she meets Francesca s younger sister again Kate s life is suddenly in danger
