Anger Addiction:

Recovery from Anger Addiction Verryl V. Fosnight, 2016-03-29 This Book Presents a Paradigm Shift About Toxic Anger Anger Is An Addiction Using the wisdoms of John Bradshaw Pia Melody Claudia Black Alice Miller and many other recovery giants Verryl grew to understand himself in the context of his past traumas He was finally able to apply all the theories of these authors to heal his anger and rage This expansion of theory to the emotion of toxic anger results in a revolutionary new concept of anger as an addiction This paradigm shift empowers a person to recover from rage as an ill person seeking to be well as opposed to a bad person trying to act better Telling yourself you are a bad person is a self defeating message to your inner self but an ill person can get well He presents this new simple and enlightened treatment for anger in easy to follow language Ultimately these conclusions are illustrated as a set of simple diagrams that outline the full path of anger's development starting from the core emotion of pain from early losses through raging behavior that is life damaging Using the revolutionary model of anger as an addiction he demonstrates that anger can be healed There is no need to rationally manage toxic anger while remaining a bad person Toxic anger practically evaporates as an emotional impulse as the underlying pain is resolved in the good but ill person Included Research survey paper on Anger Management classes by Desiree Harris M C

The Everything Guide to Anger Management Robert Puff, James Seghers, 2014-04-18 This book is designed to help you recognize emotional triggers Improve self control accept responsibility for your actions express yourself in a healthy way Implement relaxation techniques

Broken Brain Syndrome Charles L. Dickens, MD, 2009-02-23 the beginning of written history people have wondered why they do things they do not want to do especially when those things are not beneficial and in some instances detrimental Broken Brain Syndrome explains the why of and the how to in correcting this human inconsistency that leads to dysfunctional behavior This phenomenon has existed since Adam and Eve and has continued to plague mankind Many books have been published to mitigate life's difficulties Even before pop psychology and the New Age spiritual movement such as John Bradshaw and Marianne Williamson respectively the Torah New Testament Eastern philosophies the Koran and other teachings all aim at improving one's life Yet the vast majority of people in societies of the world have not been able to find long term peace serenity love and success This is so because of their inability to understand the dysfunctional dynamic taking place within their own heads causing dysfunctional lives Broken Brain Syndrome addresses finally the underlying cause of the dysfunction Broken Brain Syndrome provides people with the basic understanding of the real problem of what is fundamentally wrong with them so that the teachings of the New Age and those of the past can now make sense and bring about a successful life

Anger Robert A. F. Thurman, 2005 Heated words cool malice deadly feuds the furious rush of adrenaline anger is clearly the most destructive of the seven deadly sins It can ruin families wreck one's health destroy peace of mind and at its worst lead to murder genocide and war In *Anger* Robert A F Thurman best selling author and one of America's leading authorities

on Buddhism and Eastern philosophy offers an illuminating look at this deadliest of sins In the West Thurman points out anger is seen as an inevitable part of life an evil to be borne not overcome There is the tradition of the wrathful God of Jesus driving the money changers from the temple If God can be angry how can men rid themselves of this destructive emotion Thurman shows that Eastern philosophy sees anger differently Certainly it is a dreadful evil one of the three poisons that underlie all human suffering But Buddhism teaches that anger can be overcome Indeed the defeat of anger is not only possible but also the only thing worth doing in a lifetime Thurman shows how to recognize the destructiveness of anger and understand its workings and how we can go from being a slave to anger to becoming a knight of patience We discover finally that when this deadliest emotion is transmuted by wisdom it can become the most powerful force in freeing us from human suffering Drawing on the time tested wisdom of Buddhism Robert A F Thurman ranges from the individual struggle with anger to global crises spurred by dogmatic ideologies religious fanaticism and racial prejudice He offers a path of calm understanding in a time of terrorism and war
