The manual also contains interpretations of all diseases written in simple manner to understand the pathophysiology of diseases. Normal values of different biochemical constituents in different species are also provided in this manual, which are required during diagnosis of ailments. The manual is written in a lucid style with greater understanding of subject. This manual also cover the practical course of B.V.Sc. & A.H. and M.V.Sc. students of Biochemistry as per VO and CME guidelines which provide knowledge and better understanding of Clinical Biochemistry.
