Animal Reveille:

Animals and Ourselves Kathy Merlock Jackson, Kathy Shepherd Stolley, Lisa Lyon Payne, 2020-09-25 The relationship between humans and animals has always been strong symbiotic and complicated Animals real and fictional have been a mainstay in the arts and entertainment figuring prominently in literature film television social media and live performances Increasingly though people are anthropomorphizing animals assigning them humanoid roles tasks and identities At the same time humans such as members of the furry culture or college mascots find pleasure in adopting animal identities and characteristics This book is the first of its kind to explore these growing phenomena across media The contributors to this collection represent various disciplines to include the arts humanities social sciences and healthcare Their essays demonstrate the various ways that human and animal lives are intertwined and constantly evolving

Animals and War Anthony J. Nocella II, Colin Salter, Judy K.C. Bentley, 2013-12-19 *Animals and War* Confronting the Military Animal Industrial Complex is the first book to examine how nonhuman animals are used for war by military forces Each chapter delves deeply into modes of nonhuman animal exploitation as weapons test subjects and transportation and as casualties of war leading to homelessness starvation and death With leading scholar activists writing each chapter this is an important text in the fields of peace studies and critical animal studies This is a must read for anyone interested in ending war and fostering peace and justice

Animals in the Military John M. Kistler, 2011-06-16 This book pays tribute to the unrecognized warriors and unsung heroes of human warfare millions of animals from a surprising variety of species ranging from rodents to dolphins to llamas When one thinks of war armies of soldiers and assaults with bullets and bombs delivered by deadly machinery typically come to mind Throughout human history however animals have also played significant roles in our armed conflicts In *Animals in the Military* From Hannibal's Elephants to the Dolphins of the U S Navy author John M Kistler examines these contributions describing the work of animals in human warfare throughout time from lowly insects to birds to elephants Drawing on both ancient and modern sources the book reveals the full scope of heroics and horror committed by and against animal warriors in three unique areas animals in combat animals in support and animals in incidental and experimental roles Each chapter describes a single species chronologically recounting its fascinating place in human warfare over time from insects used as stinging projectiles to message delivering pigeons
