Ark Fifty Spires 34 5:

Faith in Verse Philipp Reisner, 2025-11-13 Examining the profound influence of biblical themes on contemporary poetry written in English this book explores the work of Brooks Haxton Suji Kwock Kim Kevin Hart and Li Young Lee Going beyond a mere examination of literary works it considers how the presence of biblical references shapes and transforms contemporary Anglo American poetry in unique and compelling ways It argues that these poets engagement with the biblical text transcends spirituality and cultural identity to constitute a form of theology deeply rooted in specific denominational concerns situating the poets in relation to Romantic and Modernist antecedents and addressing the cyclical political and poetic dimensions of their work

Ronald Johnson's Modernist Collage Poetry R. Hair, 2010-12-20 Using a critical examination of the collage poetics of Ronald Johnson this book sets out to understand Johnson s poetry in the context of the New American collage tradition stretching from Ezra Pound to Louis Zukofsky and beyond Additionally the book assesses Johnson s work in relation to wider questions concerning literary chronologies especially the discontinuities commonly seen to exist between nineteenth century Romantic and twentieth century modernist literary forms
