Armada The Story Of Thomas Hobbs

SIR A. W. WARD

Armada The Story Of Thomas Hobbs:

Armada Jim Eldridge, 2002 April 1587 Now I saw the Spanish ships clearly Even from this distance I could see the men on board scurrying around the upper decks and knew they were hurrying to their stations ready for battle But we had been too quick for them FIRE roared Mr Belson from the centre of the gundeck Jones thrust his smoking taper into the back of the cannon and sparks flared from out of the hole Back Jones shouted and we all leapt away just in time because a loud explosion filled the area around us with smoke bright sparks and flames *Thomas Hobbes* Alfred Edward Taylor, 1908 **Thomas Hobbes** Conal Condren, 2000 This book presents information on Thomas Hobbes life and literary criticism on his works [A History of British Philosophy to 1900](#), 1994 **The Cambridge History of English Literature** Sir Adolphus William Ward, Alfred Rayney Waller, 1911 *The Cambridge History of English Literature: Cavalier and Puritan* Sir Adolphus William Ward, Alfred Rayney Waller, 1911 *A History of English Philosophy* William Ritchie Sorley, 1920 **The Cambridge History of English Literature**, 1911 **The Bookman Illustrated History of English Literature** Thomas Seccombe, Sir William Robertson Nicoll, 1906 [A History of English Literature: Cowley \(1618\) to Burns \(1759\)](#) Sir William Robertson Nicoll, Thomas Seccombe, 1907 *Leviathan* Thomas Hobbes, 2024-01-30 In *Leviathan* Hobbes set out his doctrine of the foundation of states and legitimate governments originating social contract theory *Leviathan* was written during the English Civil War much of the book is occupied with demonstrating the necessity of a strong central authority to avoid the evil of discord and civil war Beginning from a mechanistic understanding of human beings and the passions Hobbes postulates what life would be like without government a condition which he calls the state of nature In that state each person would have a right or license to everything in the world This Hobbes argues would lead to a war of all against all bellum omnium contra omnes The description contains what has been called one of the best known passages in English philosophy which describes the natural state mankind would be in were it not for political community In such condition there is no place for industry because the fruit thereof is uncertain and consequently no culture of the earth no navigation nor use of the commodities that may be imported by sea no commodious building no instruments of moving and removing such things as require much force no knowledge of the face of the earth no account of time no arts no letters no society and which is worst of all continual fear and danger of violent death and the life of man solitary poor nasty brutish and short Chapter XIII Of the Natural Condition of Mankind As Concerning Their Felicity and Misery *Leviathan* In such a state people fear death and lack both the things necessary to commodious living and the hope of being able to toil to obtain them So in order to avoid it people accede to a social contract and establish a civil society According to Hobbes society is a population beneath a sovereign authority to whom all individuals in that society cede some rights for the sake of protection Any abuses of power by this authority are to be accepted as the price of peace There is no doctrine of separation of powers in Hobbes's discussion According to Hobbes the sovereign must control civil military judicial and ecclesiastical powers *The Story of Civilization*
