Humanization of Arms Control Daniel Rietiker,2017-07-06 Despite clear legal rules and political commitments no
significant progress has been made in nuclear disarmament for two decades Moreover not even the use of these weapons has
been banned to date New ideas and strategies are therefore necessary The author explores an alternative approach to arms
control focusing on the human dimension rather than on States security humanization of arms control The book explores the
preparatory work on arms control treaties and in particular the role of civil society It analyzes the positive experiences of the
movements against chemical weapons anti personnel mines and cluster munitions as well as the recent conclusion of the
Arms Trade Treaty The author examines the question of whether civil society will be able to replicate the success strategies
that have been used in particular in the field of anti personnel mines Ottawa Convention and cluster munitions Oslo
Convention in the nuclear weapons field Is there any reason why the most destructive weapons should not be outlawed by a
legally binding instrument The book also explains the effects of weapons especially nuclear weapons on human beings the
environment and global development thereby focusing on vulnerable groups such as indigenous peoples women and children
It takes a broad approach to human rights including economic social and cultural rights The author concludes that the use of
nuclear weapons is illegal under international humanitarian and human rights law and moreover constitutes international
crimes under the Rome Statute of the International Criminal Court In his general conclusions the author makes concrete
proposals for the progress toward a world without nuclear weapons **National Union Catalog, 1980** Library of
