The 20th Century Children's Poetry Treasury, 1999-09-28 Until this century most children's poetry was either syrupy sweet or overblown and didactic and tended to talk down to its readers Contemporary children's poets have thrown all that condescension and moralizing out the window and write with today's real child in mind from the Introduction by Jack Prelutsky Here in one gloriously illustrated volume are 211 wonderful poems that represent the best this century has to offer From sibling rivalry school monsters food and just plain silliness to such ageless themes as the seasons Who am I and the many moods of childhood this is a collection that begs to be read aloud and shared with the whole family The poems from every decade of this century showcase 137 famous poets Selected by Jack Prelutsky America's leading children's poet and illustrated by award winning watercolorist Meilo So this useful and beautiful gift is a splendid way to end the century or start a new one Truly a book that families will cherish long after the millennium excitement is over The 20th Century Children's Poetry Treasury is a joyous companion volume to the best selling The 20th Century Children's Book Treasury This book has been selected as a Common Core State Standards Text Exemplar Grades K 1 2 3 Poetry in Appendix B *Bulletin of the School Library Association of California, Southern Section*, 1930 **Songs from Around a Toadstool Table** Rowena Bennett, 1937 A collection of verses about elves fairies brownies rain puddles and growing things **The Greatest Children's Classics Of All Time** Beatrix Potter, E.
