Around We Go A New Beginning:

Ridley... New Beginnings Judith Collier,2022-05-23 It wasn't until the country was almost annihilated that a few survivors had to defend what little resources they could find in order to actually survive No power no clean water no food left had many wondering what they were going to do Chaos ensued and people took what little they could find from neighbors and friends to the point no one was safe for very long Eleven year old Ridley was quick on her feet and as she was stealing a bit of bread for her young brothers she got caught Severe punishment was the new order for thieves and Ridley was bussed to an extremely remote detention center for teens of all ages caught breaking the law On the fateful bus ride Jinx a fourteen year old boy befriends Ridley and watches out for her and a complicated platonic relationship develops over the next five years That is when even the detention center has no food left and the teens are turned loose to survive in the wild They have owned nothing except their ragtag single set of clothes that have worn out and because no clothing or shoes were ever delivered to the center imaginative creativity was necessary Only young Ridley's determination and knowledge of old survival TV shows will get the teens through the toughest challenges any of them would ever face Ridley New Beginnings is the first book in a series following the teens into adulthood as they face many trials and tribulations mixed with jubilation and pure joy

The Return: New Beginnings L.M. Morse,2024-02-23 The world as we knew it ended in the blink of an eye when they returned bringing with them destruction chaos and magic What would you do if you were given magic with no instructions Could you keep your humanity With the help of old friends and new can this group of average and now not so average people use their newfound gifts to save not only themselves but also some of the new beings that are popping up all over the place like well like magic And save humanity as a whole Can this group impress them enough to save everyone while learning as they go knowing that the deck is stacked against them

Creating Eartheaven in Your Life Profound Transformation of Your Soul David H. Fastiggi,2014-05-17 Creating Eartheaven in Your Life is unique and it is innate in all human beings Humanity's quest for a wholesome peaceful life goes unabated Our search for our better self that identifies with the reality of the world we live in all too often filled with grief and stress is juxtaposed with faith and hope for change or a miracle Do we just have faith expecting God will deliver humanity from the ills we have caused Should we just buckle down and be practical seeking solution with our rational self What kind of God do we actually know or are we seeking a relationship with an image of God taught to us What is the divine matrix and does a personal God speak to us Science stands for one view of creation and faith stands for another Is there a joining point of the two Has our species Homo sapiens stalled out in evolutionary development Is the world becoming a village of cooperation and mutual peace seeking Can we continue the way we have been and survive our own arrogance What is the future of faith religion and spirituality The author in a comprehensive way takes us on a journey to explore answers to these questions and much more Eartheaven is a paradigm of integration between the soul's development and our biological body and by extension all creation He delves into scientific reality while preserving
