Art And The Question Of Meaning:

Art and the Question of Meaning Hans Küng,1981 Many people find modern art in whatever medium meaningless Its radical questioning of all aesthetic norms its wild experimentation and its lack of direction stand in stark contrast to the past with its great tradition of meaningful artistic expression Of course it can be argued that modern artists are simply feeling much more deeply what anyone alive today must sense however vaguely and superficially a deeply pessimistic and often nihilistic mood And if art is to have integrity artists cannot escape that However anyone who believes in a first and last ground of meaning of the world and man even at a time of the disintegration of traditions can scarcely believe in a definitive chaos of art if art is a genuine representation of the realities of our time it should be possible by understanding it more deeply to find greater meaning the other side of seeming meaninglessness This briefly stated is the argument of Hans Küng s latest study both profound and provocative which introduces a new and important dimension to his thought [Art and the Question of Meaning](#) Hans Küng,1981

T&T Clark Handbook of Theology and the Arts Stephen M. Garrett,Imogen Adkins,2025-04-24 This volume presents the theology arts conversation from a distinctly Christian perspective as a witness of the Gospel of Christ to the world A widespread interest in the historical socio cultural and political embeddedness of theology and the arts permeates it This theme of embeddedness tracks through several overarching and interlocking concerns the relationship between form and content in both art and theology the intensification of the metaphysical and the theological contra materialist and positivist reductionisms the expansion of the epistemological possibilities of the theology art conversation and a robust understanding of the world as the theatre of God s glory Several chapters have been co written by theologians and artists as part of demonstrating the kind of conversation that this book commends A thorough going commitment to Scripture is also woven into the many different habits of thought represented in this volume Part I surveys different approaches to the theology arts conversation Part II focuses on how particular art forms bring theological issues to the surface and how theological and denominational traditions shape the making and receiving of the arts Part III delves into key topics in the current theology arts scene and asks how artistic and theological performance can both speak to theological and artistic knowing and help to celebrate and interrogate embodied lived reality **ArtsIT, Interactivity and Game Creation** Matthias Wölfel,Johannes Bernhardt,Sonja Thiel,2022-02-09 This book constitutes the refereed post conference proceedings of the 10th EAI International Conference on ArtsIT Interactivity and Game Creation ArtsIT 2021 which was held in December 2021 Due to COVID 19 pandemic the conference was held virtually The 31 revised full papers presented were carefully selected from 57 submissions The papers are thematically arranged in the following sections Media Arts and Virtual Reality Games Fusions Collaboration Inclusion and Participation Artificial Intelligence in Art and Culture Approaches and Applications

What is Art? Tiziana Andina,2017-11-20 What is art is one of the classic questions that philosophy has addressed over the ages from the ancients to today Taking as its starting point debates over the various definitions of art

found in history this article presents and discusses some of the major theories offered by both the analytic and continental traditions It then looks at the theoretical reasons that led twentieth century philosophy to reopen the question of definition and in many cases inquire into the ontology of art itself Finally a series of considerations are addressed to help shift the problem of definition onto a new plane one that is able to respond to the challenges of the performing and participatory arts which more than any other form of art present particularly unconventional ontologies
