**The Duel and Other Stories** Anton Pavlovich Chekhov,2021-01-13 Chekhov illustrates the complexities of the dynamics in 19th century Russian society in an impossibly effortless way He does it so well precisely because he refuses to acknowledge just one absolute truth about life humans are complex and so the world they create must be one too Goodreads

*The Duel and Other Stories* Anton Chekhov, 2012-12-10 The canonised writers of the past have a tendency to assume a

fixed expression in their readers imaginations Dostoevsky always appears in the same aura of morbidly enthralling hysteria Proust in the same velvety atmosphere of hyper attuned sensory receptiveness To think of Tolstoy is to conjure at once the note of impassive grandeur as of creation being set out in glittering ranks for inspection Anton Chekhov whose short career was as momentous as any of these has his own distinct tone and manner but the impression it leaves is curiously elusive offering reticence and hesitation in place of personality and a series of moods rather than a discernible attitude to life even the attitude of uncertainty This elusiveness a feature of both the life and the work is a large part of what gives him his enduring fascination as well as his striking modernity In Chekhov literature seems to break its wand like Prospero renouncing the magic of artifice ceremony and idealisation and facing us for the first time with a reflection of ourselves in our unadorned ordinariness as well as our unfathomable strangeness
