H. Reese,2019-09-11 Jazz can be uplifting stimulating sensual and spiritual Yet when writers turn to this form of music they almost always imagine it in terms of loneliness In *Blue Notes Jazz Literature and Loneliness* Sam V H Reese investigates literary representations of jazz and the cultural narratives often associated with it noting how they have in turn shaped readers judgments and assumptions about the music This illuminating critical study contemplates the relationship between jazz and literature from a perspective that musicians themselves regularly call upon to characterize their performances that of the conversation Reese traces the tradition of literary appropriations of jazz both as subject matter and as aesthetic structure in order to show how writers turn to this genre of music as an avenue for

exploring aspects of human loneliness In turn jazz musicians have often looked to literature sometimes obliquely sometimes centrally for inspiration Reese devotes particular attention to how several revolutionary jazz artists used the written word as a way to express in concrete terms something their music could only allude to or affectively evoke By analyzing these exchanges between music and literature Blue Notes refines and expands the cultural meaning of being alone stressing how loneliness can create beauty empathy and understanding Reese analyzes a body of prose writings that includes Ralph Ellison's Invisible Man and midcentury short fiction by James Baldwin Julio Cortázar Langston Hughes and Eudora Welty Alongside this vibrant tradition of jazz literature Reese considers the autobiographies of Duke Ellington and Charles Mingus as well as works by a range of contemporary writers including Geoff Dyer Toni Morrison Haruki Murakami and Zadie Smith Throughout Blue Notes offers original perspectives on the disparate ways in which writers acknowledge the expansive side of loneliness reimagining solitude through narratives of connected isolation

Uptown Conversation Robert G. O'Meally, Brent Hayes Edwards, Farah Jasmine Griffin, 2004 Uptown Conversation asserts that jazz is not only a music to define it is a culture The essays illustrate how for more than a century jazz has initiated a call and response across art forms geographies and cultures inspiring musicians filmmakers painters and poets

The Jazz Composer Graham Collier, 2009 the jazz composer moving music off the paper is a philosophical consideration of jazz composition arguing that real jazz happens in real time once That this fact eludes many involved in the music today is a major cause of concern The book takes a cl
