

The image features a complex, futuristic interface with a purple and blue color palette. At the center is a glowing globe. Surrounding it are various circular gauges, dials, and data readouts. A prominent white banner with a blue border is overlaid across the middle, containing the text 'VIRTUELNA REALNOST'. The background is a grid pattern, suggesting a digital or virtual environment. The overall aesthetic is high-tech and immersive.

Dukh I Realnost:

Russian Émigrés in the Intellectual and Literary Life of Interwar France Leonid Livak, 2010-07-01 In a pioneering exploration of the intellectual and literary exchange between Russian migrants and French intelligentsia in the 1920s and 1930s Leonid Livak provides an impressively comprehensive bibliographic overview of a veritable who's who of Russian intellectuals and literati listing all the material published by Russian migrants or on topics pertaining to them during the period under study Focusing attention on a largely ignored chapter of European cultural history this volume challenges historical assumptions by demonstrating processes of cultural cross fertilization and illuminates the precedents Russians set for political exiles in the twentieth century A remarkable achievement in scholarship *Russian migrants in the Intellectual and Literary Life of Inter War France* is a valuable resource for admirers and researchers of French and Russian culture and European intellectual history

Christianity and Cosmic Consciousness Alexis Georg Hoen, 2015-02-20 Born in the Ukraine educated in Munich and having practiced medicine in the United States author Alexis Georg Hoen has been exposed to widely differing political systems and religious beliefs and he has always maintained an interest as to the origin of these beliefs and their relation to the innermost nature of man In *Christianity and Cosmic Consciousness* he interprets the words and the sacrifice of Jesus as pointing the way toward a realization of our innermost nature the will to live and love that exists within all Sharing his experiences and ideas about Christ's words and sacrifices Hoen uses personal anecdotes and biblical examples to illustrate the nature of Christian belief He provides a host of examples including key illustrations from the Bible and relevant source material from other writers who address this topic He shows us that through sacrifice we live in and for others That is eternal life *Christianity and Cosmic Consciousness* represents the core of Christian teaching without resorting to the supernatural and miraculous yet doesn't try to disprove it

Theology After Christendom Joshua T. Searle, 2018-02-14 Christianity must be understood not as a religion of private salvation but as a gospel movement of universal compassion which transforms the world in the power of God's truth Amid several major global crises including the rise of terrorism and religious fundamentalism and a sudden resurgence of political extremism Christians must now face up fearlessly to the challenges of living in a post truth age in which deceitful politicians present their media spun fabrications as alternative facts This book is an attempt to enact a transformative theology for these changing times that will equip the global Christian community to take a stand for the gospel in an age of cultural despair and moral fragmentation The emerging post Christendom era calls for a new vision of Christianity that has come of age and connects with the spiritual crisis of our times In helping to make this vision a reality Searle insists that theology is not merely an academic discipline but a transformative enterprise that changes the world Theology is to be experienced not just behind a desk in an armchair or in a church but also in hospitals in foodbanks in workplaces and on the streets Theology is to be lived as well as read

A History of Russian Philosophy Valery A. Kuvakin, 1994-02 For the first time since the break up of the USSR and with the help of 21 leading

historians of Russian philosophy from Moscow State University including M N Gromov Z A Kamensky M A Maslin B G Safronov and V V Serbinenko Valery A Kuvakin presents a comprehensive two volume work capturing the rich philosophical heritage of this diverse culture These scholars discuss its interpretation of the universe the essence of history and human existence the ideals of knowledge and a decent life the destiny of Russia and the life of the world community from the 10th century through the early 20th century These discussions are augmented with selected excerpts from original works which served as examples of the main schools of thought

Theology in the Russian Diaspora Aidan Nichols,1989 The author at the centre of this study Russian priest theologian Nikolai Nikolaevich Afanas ev was perhaps the most influential thinker about the Church Russia has produced In Aidan Nichols s careful evaluation he emerges as a key figure in the rapprochement of Christian East and West and most notably of the Orthodox and Catholic churches Nichols illustrates how Afanas ev has been influential in two key respects first of all in his conviction that the Eucharist constitutes the foundation of the whole Church and secondly in his contribution to an Orthodox understanding of the role of the Roman Church and bishop in the context of a united Church Afanas ev s achievements are seen to have continuing relevance in view of the inauguration of the Orthodox Catholic dialogue at the monastery of St John on Patmos in 1980 and the importance of his thinking in terms of contemporary ecumenism becomes clear It is to such a reappraisal that this book concerned as it is with how Russian orthodoxy understands the Church is devoted in the hope of an eventual restoration of unity between the Orthodox of all the Russias and the see of Rome
