

IOANNES DVNS - SCOTVS

Duns Scotus

Richard Cross

Duns Scotus:

Ordered by Love Thomas Ward, 2022-11 John Duns Scotus 1265-1308 beatified by Pope St John Paul II in 1993 is widely recognized as one of the most original and influential philosophers and theologians of the Middle Ages *Ordered by Love* offers a sympathetic exploration of a wide range of Scotus's thought Topics covered include his understanding of the relationship between faith and reason his doctrine of individuation by haecceity thisness his theory of the univocity of the concept of being his emphasis on God's freedom and its supposed consequences for moral theory his defense of Mary's immaculate conception and his teaching on the primacy of Christ [Duns Scotus](#) Richard Cross, 1999-06-17 This is an accessible introduction to the life and thought of John Duns Scotus c. 1266-1308 the scholastic philosopher and theologian who came to be called the Subtle Doctor A native of Scotland as his name implies Scotus became a Franciscan and taught in Oxford Paris and Cologne In his writings he put Aristotelian thought to the service of Christian theology and was the founder of a school of scholasticism called Scotism which was often opposed to the Thomism of the followers of Thomas Aquinas In particular Scotus is well known for his defense of contra-causal free will and logical possibility and for his account of individuation in terms of haecceity or thisness Cross offers a clear introductory account of the most significant aspects of Scotus's theological thought Theology is here construed broadly to include Scotus's philosophical investigation of God's existence and attributes In addition to providing a clear though not always uncritical outline of Scotus's positions Cross aims to show how Scotus's theories fit into modern debates particularly contemporary debates in philosophical theology and to point out Scotus's historical significance in the development of theology [John Duns Scotus 1265-1965](#) John K. Ryan, Bernardine M. Bonansea, 2018-03-02 This volume was a cooperative effort of European American and Canadian scholars which was published to commemorate the occasion of the seventh centennial of the birth of John Duns Scotus

John Duns Scotus Etienne Gilson, 2018-12-27 Etienne Gilson's *Jean Duns Scot Introduction Ses Positions Fondamentales* is widely understood to be one of the most important works on John Duns Scotus texts famous for their complexity James Colbert's translation is the first time that Gilson's work on Scotus has been put into English with an introduction by Trent Pomplun and an afterword by John Millbank Scotus contributed to the development of a metaphysical system that was compatible with Christian doctrine an epistemology that altered the 13th century understanding of human knowledge and a theology that stressed both divine and human will Gilson in turn offers a thoroughly comprehensive introduction to the fundamental positions that Scotus stood for Explaining Scotus's views on metaphysics the existence of infinite being and divine nature the matter of the physical spiritual and angelic intellectual knowledge and will and Scotus relationship with other scholars Gilson and Colbert show how deeply Scotus left a mark on discussions of such disparate topics as the semantics of religious language the problem of universals divine illumination and the nature of human freedom This work has been translated from the original work in French *Jean Duns Scot Introduction ses positions fondamentales* 1952 by Librairie

Philosophique J Vrin **Duns Scotus on God** Richard Cross,2018-12-07 The Franciscan John Duns Scotus c 1266 1308 is the philosopher s theologian par excellence more than any of his contemporaries he is interested in arguments for their own sake Making use of the tools of modern philosophy Richard Cross presents a thorough account of Duns Scotus s arguments on God and the Trinity Providing extensive commentary on central passages from Scotus many of which are presented in translation in this book Cross offers clear expositions of Scotus s sometimes elliptical writing Cross s account shows that in addition to being a philosopher of note Scotus is a creative and original theologian who offers new insights into many old problems **John Duns Scotus, 1265-1965** John Duns Scotus,1968 **Duns Scotus and the Problem of Universals** Todd Bates,2010-08-26 John Duns Scotus d 1308 known as the subtle doctor among medieval schoolmen produced a formidable philosophical theology using and adapting an Aristotelian metaphysical framework Critical of Thomas Aquinas grand Summas Scotus died before producing a final synthesis of his own Indeed his work left in disarray for centuries has only recently become available in an edited format Contemporary metaphysics taking up the problem of universals treads on ground already well worked by Scotus Duns Scotus and the Problem of Universals shows how Scotus treatment of the problem of universals is both coherent and even by contemporary standards cogent Todd Bates recovers and sets out Scotus understanding of the structure of material substance reconstructs Scotus arguments for universals and haecceities and shows how Scotus theory applies to the metaphysics of the Incarnation This book makes an important contribution to a neglected but crucial area of Scotus scholarship **The Physics of Duns Scotus** Richard Cross,1998 This text contains detailed discussion and analysis of Dun Scotus s accounts of the nature of matter and the structure of material substance His views on these matters are sophisticated and highly original **Duns Scotus on the Will and Morality** Scotus John Duns,1986-01-01 **John Duns Scotus** Antonie Vos,2018 Johannes Duns Scotus 1266 1308 was one of the greatest medieval theologians He joined the Franciscan order and soon stood out because of his acumen The ideas he developed about the non necessity of reality became very influential also in Reformed theology The life of Duns Scotus is difficult to reconstruct This biography provides an overview of the state of research and therefore of the life of Duns in his native Scotland England where he was educated France where he taught and Germany where he died **Interpreting Duns Scotus** Giorgio Pini,2022-01-06 Provides a reliable point of entrance to the thought of Duns Scotus *Philosophy of John Duns Scotus* Antonie Vos,2006-06-30 John Duns Scotus is arguably one of the most significant philosopher theologians of the middle ages who has often been overlooked This book serves to recover his rightful place in the history of Western philosophy revealing that he is in fact one of the great masters of our philosophical heritage Among the fields to which Scotus has made an immense contribution are logic metaphysics philosophy of mind and action and ethical theory The Philosophy of John Duns Scotus provides a formidable yet comprehensive overview of the life and works of this Scottish born philosopher Vos has successfully combined his lifetime of dedicated study with the significant body of biographical literature

resulting in a unique look at the life and works of this philosopher theologian **Blessed John Duns Scotus** Fr. Stefano M. Manelli, FI, The famous Franciscan theologian Bl John Duns Scotus even before his untimely death in 1308 was renowned for his defense of the Immaculate Conception and known as Marian Doctor par excellence This book aims at acquainting the general public with the admirable figure of this Scottish born friar It does so above all to promote the knowledge and love of Christ Jesus and His Mother the Virgin Mary in the teaching and life of this holy theologian Scotus as a son of St Francis of Assisi stresses the primacy of love in theology All else is ordered to love and in love everything is perfected For God is love and who abides in love abides in God and God in him I Jn 4 16 As taught by Scotus the absolute primacy of Jesus and Mary root and synthesis of all creation heavenly as well as earthly is the most perfect revelation of this divine love **Bl. John Duns Scotus and His Mariology**, 2009 Commemoration of the Seventh Centenary of His Death The hope of this Symposium is to set in relief the importance of the mystery of Mary in understanding the thought of Bl John Duns Scotus a mystery so much neglected by many students of Scotus today as in yesteryear Without that profound veneration of the Immaculate Virgin and an appreciation of her uniqueness as the Immaculate Conception the theology and metaphysics of Scotus will remain merely the abstruse delight of an elite academy and Mariology will be lacking its securest instrument of reflection **John Duns Scotus** James B. Torrance, Roland Walls, 1992-01-01 An overview of the life and thought of influential Scottish thinker and Christian practitioner John Duns Scotus [Dictionary of Theologians](#) Jonathan Hill, 2010-03-25 An exhaustive guide to every significant Christian theologian who lived from the first century to 1308 the year in which John Duns Scotus died The dictionary encompasses the Catholic Orthodox Nestorian and Monophysite traditions including information not previously available in English Thoroughly indexed the dictionary incorporates common variants of names and concepts which will help and direct the reader The main criterion for inclusion has been contribution to the development of Christian theology Sub criteria by which that is measured include above all originality and influence on later figures With over 290 entries the dictionary provides a handy summary of theologians' lives and writings together with recent scholarship as well as an up to date definitive bibliography listing primary texts translations and secondary literature in the major western European languages Useful for all levels of academia no other text matches the depth of the dictionary's bibliographies The unprecedented thoroughness of Hill's compilation provides an essential resource for studies at all levels on such a large and varied range of Church thinkers **The Cambridge Companion to Duns Scotus** Thomas Williams, 2003 Table of contents **The Singular Voice of Being** Andrew T. LaZella, 2019-05-07 The Singular Voice of Being reconsiders John Duns Scotus's well studied theory of the univocity of being in light of his less explored discussions of ultimate difference Ultimate difference is a notion introduced by Aristotle and known by the Aristotelian tradition but one that this book argues Scotus radically retrofits to buttress his doctrine of univocity Scotus broadens ultimate difference to include not only specific differences but also intrinsic modes of being e g finite infinite and principles of individuation i e

haecceitates Furthermore he deepens it by divorcing it from anything with categorical classification such as substantial form Scotus uses his revamped notion of ultimate difference as a means of dividing being despite the longstanding Parmenidean arguments against such division The book highlights the unique role of difference in Scotus s thought which conceives of difference not as a fall from the perfect unity of being but rather as a perfective determination of an otherwise indifferent concept The division of being culminates in individuation as the final degree of perfection which constitutes indivisible i e singular degrees of being This systematic study of ultimate difference opens new dimensions for understanding Scotus s dense thought with respect to not only univocity but also to individuation cognition and acts of the will **John Duns Scotus: Works. Electronic Edition** John Duns Scotus,2012 The works of John Duns Scotus in English translation *Duns Scotus* Charles Reginald Schiller Harris,1927

Unveiling the Magic of Words: A Overview of "**Duns Scotus**"
