Failure of L'Action Libérale Nationale Patricia G. Dirks,1991 The formation in 1934 of the Action libérale nationale ALN as a third party in Quebec was largely a response Patricia Dirks reveals to the growing belief that the laissez faire economic and social policies of Taschereau's Liberal government in Quebec allowed continued domination of francophone professionals and businessmen by anglophone big business interests and threatened to turn the working class toward socialism Failure of l'Action Libérale Nationale Patricia Dirks,1991-08-01 The ALN gained widespread business popular and church support by promising francophones both control of a modern Quebec economy and preservation of the traditional social order As Dirks shows however this support came from people with different and sometimes contradictory objectives causing internal tensions which weakened the ALN from the outset This weakness was compounded by poor leadership financial difficulties and the tactics of the other political parties in Quebec The Quebec Liberal and Conservative Parties worked independently to undermine the ALN and any possibility of its gaining power in Quebec Maurice Duplessis leader of the Quebec Conservative party skilfully exploited the ALN's weaknesses in the interests of his own party by the formation of the Union Nationale This coalition of the ALN and the provincial Conservatives capitalized on the popularity of the ALN to win the provincial election of 1935 but ensured that power remained in the hands of what was essentially the Quebec Conservative Party Dirks insight into the political history of Quebec is informed by a multitude of sources She conducted interviews with many of the leading political players of the time including the late Paul Gouin the original leader of the ALN She also consulted many public and private archives including Gouin's and was allowed unrestricted access to Duplessis papers for the period up to 1939 the year the ALN ceased to exist In relating the rise and fall of the ALN to the socio economic ideological and political developments which shaped Quebec during the early decades of the twentieth century Dirks reveals its long term impact on the operation and organization of political parties in Quebec and Canada **Duplessis** Conrad Black,1977 *J.W.
