## **Durer Today:**

**Albrecht Dürer** Stacey Bieler, 2017-12-06 The artist and entrepreneur Albrecht Durer lived in Germany in the early 1500s when two storms were threatening the Holy Roman Empire First Suleiman the Magnificent and his army of Ottoman Turks were expanding from Constantinople to Vienna the doorstep of Europe Second Martin Luther a German monk and professor wrote his Ninety Five Theses identifying corruption within the Roman Catholic Church This challenged the authority of both Emperor Charles V and Pope Leo X who responded by accusing Luther of heresy Albrecht Durer influenced art and media throughout Europe as strongly as Martin Luther influenced people s views of life death and their relationship with God Durer s art and writing reveal how this creative and thoughtful man responded to the changes offered by Luther Why was Durer so attracted to Luther s writings Why would he risk being accused of being a heretic Both of these men inspired changes in art religion and politics that still underlie the foundation of today s social structures and Western culture

**Dürer Today** Willi Bongard, Matthias Mende, 1971 Albrecht Durer was born in 1471 and died in 1528 As he was an important painter draughtsman engraver and wood cutter his position in the history of art is established on professional grounds alone art historians cannot avoid being concerned with him This book is not written for art historians It is not intended as a reference book on the life and work of the Master The section designed to be central to this volume comprises the texts and illustrations documenting the concern of contemporary artists with Albrecht Durer and his work The written opinions of modern artists range from enthusiastic acceptance bordering on identification to sceptical detachment Both positive and negative testimonials show however that the phenomenon of Albrecht Durer is still alive and effective today more than 400 years after his death Foreword [Albrecht Durer](#) Jane Campbell Hutchison, 2003-08-29 Hutchison s book is a complete guide on Durer and the research on his work his historical import and his aesthetic legacy *Albrecht Dürer and the Embodiment of Genius* Jeffrey Chipps Smith, 2020-10-09 During the nineteenth century Albrecht Durer s art piety and personal character were held up as models to inspire contemporary artists and it was hoped to return Germany to international artistic eminence In this book Jeffrey Chipps Smith explores Durer s complex posthumous reception during the great century of museum building in Europe with a particular focus on the artist s role as a creative and moral exemplar for German artists and museum visitors In an era when museums were emerging as symbols of civic regional and national identity dozens of new national princely and civic museums began to feature portraits of Durer in their elaborate decorative programs embellishing the facades grand staircases galleries and ceremonial spaces Most of these arose in Germany and Austria though examples can be seen as far away as St Petersburg Stockholm London and New York City Probing the cultural political and educational aspirations and rivalries of these museums and their patrons Smith traces how Durer was painted sculpted and prominently placed to accommodate the era s diverse needs and aspirations He investigates what these portraits can tell us about the rise of a distinct canon of famous Renaissance and Baroque artists addressing the question of

why Durer was so often paired with Raphael who was considered to embody the greatness of Italian art and why with the rise of German nationalism Hans Holbein the Younger often replaced Raphael as Durer's partner

Accessibly written and comprehensive in scope this book sheds new light on museum building in the nineteenth century and the rise of art history as a discipline It will appeal to specialists in nineteenth century and early modern art the history of museums and collecting and art historiography

**Albrecht Dürer** Olga Kotková, 2006

**Albrecht Dürer and His Legacy** Giulia Bartrum, Günter Grass, Joseph Leo Koerner, Ute Kuhlemann, 2002

Albrecht Durer 1471-1528 was in a sense the first truly international artist The collection of his work in the British Museum is one of the best in the world This book shows how his sophisticated development of the techniques of woodcut and engraving introduced the idea of multiple images into fine art and thereby altered the history of printmaking The chronology of his career is traced from his early work in the medieval tradition of Martin Schongauer through the experience he acquired while living in Italy to his major print projects for the Holy Roman Emperor Maximilian I The book also examines Durer's influence at later periods from the obsessive interest in his work by collectors and artists during the late sixteenth century to the virtually iconic status he acquired amid the rise of German nationalism during the nineteenth century

The Nobel winning German novelist Gunter Grass himself a printmaker contributes a subjective view of Durer's images from a twentieth century standpoint while other introductory essays by Guilia Bartrum Joseph Koerner and Ute Kuhlemann consider aspects of Durer's legacy through history The illustrations include all Durer's best known prints as well as numerous drawings and watercolours
