Eclipse of Empires Patricia Jane Roylance,2013-10 This book analyzes the nineteenth century American fascination with what the author calls narratives of imperial eclipse texts that depict the surpassing of one great civilization by another The central claim in this book is that historical episodes of imperial eclipse for example Incan Peru yielding to Spain or the Ojibway to the French heightened the concerns of many American writers about specific intranational social problems plaguing the nation at the time race class gender religion and economics

Sojourner Truth's America Margaret Washington,2011-04-21 This fascinating biography tells the story of nineteenth century America through the life of one of its most charismatic and influential characters Sojourner Truth In an in depth account of this amazing activist Margaret Washington unravels Sojourner Truth s world within the broader panorama of African American slavery and the nation s most significant reform era Born into bondage among the Hudson Valley Dutch in Ulster County New York Isabella was sold several times married and bore five children before fleeing in 1826 with her infant daughter one year before New York slavery was abolished In 1829 she moved to New York City where she worked as a domestic preached joined a religious commune and then in 1843 had an epiphany Changing her name to Sojourner Truth she began traveling the country as a champion of the downtrodden and a spokeswoman for equality by promoting Christianity abolitionism and women s rights Gifted in verbal eloquence wit and biblical knowledge Sojourner Truth possessed an earthy imaginative homespun personality that won her many friends and admirers and made her one of the most popular and quoted reformers of her times Washington s biography of this remarkable figure considers many facets of Sojourner Truth s life to explain how she became one of the greatest activists in American history including her African and Dutch religious heritage her experiences of slavery within contexts of labor domesticity and patriarchy and her profoundly personal sense of justice and intuitive integrity Organized chronologically into three distinct eras of Truth s life Sojourner Truth s America examines the complex dynamics of her times beginning with the transnational contours of her spirituality and early life as Isabella and her embroilments in legal controversy Truth s awakening during nineteenth century America s progressive surge then propelled

her ascendancy as a rousing preacher and political orator despite her inability to read and write Throughout the book Washington explores Truth's passionate commitment to family and community including her vision for a beloved community that extended beyond race gender and socioeconomic condition and embraced a common humanity For Sojourner Truth the significant model for such communalism was a primitive prophetic Christianity Illustrated with dozens of images of Truth and her contemporaries Sojourner Truth's America draws a delicate and compelling balance between Sojourner Truth's personal motivations and the influences of her historical context Washington provides important insights into the turbulent cultural and political climate of the age while also separating the many myths from the facts concerning this legendary American figure *Dutch Americans* Linda Pegman Doezema, 1979 **These Daring Disturbers of the Public Peace** Brendan McConville, 2003-10-30 Jason Robert Brown's contemporary musical is honest and intimate with an exuberantly romantic score It takes a bold look at one young couple's hope that love can endure the test of time *American Farm Equipment*, 1900 **Explorers, Fortunes and Love Letters** New Netherland Institute, 2010-04-01 When Henry Hudson sailing on the Half Moon for the Dutch East India Company first laid eyes on the entrance to the Hudson River in 1609 a world of seemingly infinite possibilities lay before him and his crew In 1624 the Dutch would take advantage of these opportunities and create the colony of New Netherland building homes and communities that stretched from the Delaware Bay up along the Hudson River Valley to present day Albany New York The story of New Netherland is often overlooked in tales of the founding of America The essays in *Explorers Fortunes and Love Letters A Window on New Netherland* offer a new perspective that takes the spotlight off the Puritans of New England and the settlers of Jamestown Virginia and instead offers striking arguments for casting the Dutch as central players in the American narrative These twelve essays written by preeminent historians of New Netherland pull from diverse perspectives social cultural intellectual economic and political to weave together the dynamic and diverse history of the Dutch in America These scholars explore all aspects of Dutch life ranging from sailing methods to factional politics to written expressions of love The authors discuss how settlers retained traditions from the Netherlands such as the baking of bread and how these traditions changed over time and became engrained in American culture including the transformation of the Dutch St Nicholas into today's Santa Claus The colony of New Netherland was marked by its diversity and this topic is explored in discussions of the relationship between Native Americans and Dutch settlers in the Mohawk Valley the role of Jews in New Netherland and the practice of slavery throughout the colony The Dutch perspective on child rearing practices is also examined as well as the dream of attaining fortune in the New World The Dutch colony of New Netherland and the development of America are not separate stories but are inextricably linked together through historical moments and present realities Dutch settlers played critical roles in building the nation their influences are not lost and forgotten but are clearly evident even today *Explorers Fortunes and Love Letters* brings the reader into the everyday life of New Netherland and displays just how prominently the Dutch shaped America [The Colony of New Netherland](#) Jaap
