DuPlessis, 2002-05-09 This comprehensive study explains why Lille was renowned for adhering to the existing order

Habsburg Communication in the Dutch Revolt Monica Stensland, 2012 De politieke denkbeelden van de rebellen in de Opstand voorheen de Tachtigjarige Oorlog zijn al langer onderwerp van wetenschappelijk onderzoek Dit boek richt zich echter op het grotendeels onbesproken verhaal van het Habsburgse regime en zijn lokale aanhangers Hoe dachten zij over het conflict en hoe reageerden zij op de beschuldigingen van de opstandelingen De auteur heeft een verscheidenheid aan mondelinge schriftelijke en theatrale media onderzocht om te ontdekken hoe het regime gebruikmaakte van de verschillende communicatiekanalen Daarnaast is de reactie van gewone mensen op het conflict en op de tegenstrijdige berichtgeving in de publieke sfeer onderzocht

The Dutch Revolt 1559 - 1648 P. Limm, 2014-05-12 The Dutch Revolt 1559 1648 begins by illustrating the historical background and causes of the revolt This is followed by chronological sections devoted to each phase of the revolt and an assesment section that takes a more thematic approach looking at the military economic political and constitutional issues

The Dutch Revolt Geoffrey Parker, 1977 *The Political Thought of the Dutch Revolt 1555-1590* Martin van Gelderen, 2002-10-03 This book is a comprehensive study of the history of the political thought of the Dutch Revolt 1555 90 It explores the development of the political ideas which motivated and legitimized the Dutch resistance against the government of Philip II in the Low Countries and which became the ideological foundations of the Dutch Republic as it emerged as one of the main powers of Europe It shows how notions of liberty constitutionalism representation and popular sovereignty were of central importance to the political thought and revolutionary events of the Dutch Revolt giving rise to a distinct political theory of resistance to fundamental debates on the best state of the new Dutch commonwealth and to passionate disputes on the relationship between church and state which prompted some of the most eloquent early modern pleas for religious toleration

The Dutch Revolt Charles River, 2021-02-13 Includes pictures Includes a bibliography for further reading During the 17th century the Netherlands despite having only 1 5 million people in 1600 became a global maritime and trading power By contrast France at the time had 20 million people Spain had 8 million and England had 5 million Nevertheless Amsterdam became one of the most important urban centers in the world and the location of the world s first stock market and Dutch

merchant ships and pirates plied the Atlantic Ocean the Indian Ocean and the Pacific Ocean The Dutch acquired colonies in the East Indies where they seized control of the spice trade from the Portuguese and in the West Indies they acquired a number of islands from the Spanish several of which are still Dutch today They became the only Westerners who were allowed to trade with Shogunate Japan from a small island next to Nagasaki and they settled the town that ultimately became New York City Naturally all of this imperialism generated enormous amounts of wealth that flowed into the Netherlands The Netherlands has had a complex and turbulent history involving the interplay of multiple political entities ethnicities and languages The term Netherlands Nederland in Dutch Pay Bas in French refers to the low lying topography of the region and today is used specifically to describe the country bordering Germany and Belgium but historically it referred to the entire region occupied by Netherlands Belgium and Luxembourg In English the term Low Countries is still used in this sense Located largely on the deltas of the Rhine and Maas Rivers much of it consisted of sand dunes and peat bogs until centuries ago humans began building dikes pumping out water and laboriously reclaiming the land Much of the land falls below sea level As an old saying goes God created the earth but the Dutch created the Netherlands The long struggle with nature is an important part of the Dutch identity What made the Netherlands global influence in the 17th century all the more remarkable is that the Dutch had only recently achieved political independence through the process of fighting a long and brutal war of resistance against rule by the Spanish Hapsburgs starting in 1568 In 1581 the seven northern provinces Holland Zeeland Utrecht Gelderland Overijssel Friesland and Groningen declared their independence and fighting took place back and forth on land and sea for decades with the Dutch receiving some much needed assistance from England s Queen Elizabeth I Thousands of civilians were massacred by the rampaging Spanish armies and on the water Dutch sea beggars attacked and harassed the Spanish fleet Pro Spanish privateers operating out of Dunkirk did the same against Dutch shipping Although there were several issues behind the revolt like heavy taxation the war was also in large part a religious revolt The Dutch in the northern and western provinces had mostly become Protestants followers primarily of the French theologian John Calvin and there were some Lutherans and Anabaptists present as well Calvinism as institutionalized in the Dutch Reformed Church would become the officially recognized faith of independent Netherlands but Philip II the Catholic monarch of Spain was determined to restore Catholicism through the strict use of the Inquisition against heretics and the Catholics were strongest in the 10 southern provinces Religious differences between the north and south were accentuated because of the migration of Protestants and Catholics across the border during the long war ensuring that there would continue to be tensions even after the fighting stopped and Dutch independence was secured At the same time the conflict s ideological political and religious issues all ensured that the Dutch Revolt would influence future revolutions in the centuries to come
