Dungeon Module 11

Dwellers of the Forbidden City

by David Cook

AN ADVENTURE FOR CHARACTER LEVELS 4-7

Somewhere in the heart of the steaming jungle lies the answer to the whispered tales — rumors of a magnificent city and foul, horrid rituals! Here a brave party might find riches and wonders — or death! Is your party brave enough to face the terrors of the unknown and find — the Forbidden City!

Parts of this module were used in 1980 for a major East Coast convention tournament. Information is presented here to reconstruct this exciting tournament and even more has been given to expand play. Here characters may adventure several times in a unique and interesting mini-campaign setting. Included in this module are background and tournament notes, referee's keys, new monsters, pre-generated characters, and eight different maps.
