Dynamic Religion Swami Prabhavananda,1927 **A Dynamic Faith** Rufus Matthew Jones,1901 *The Dynamic of Christianity* Edward Mortimer Chapman,1904 Dynamic Religion ,1930 **A Dynamic Psychology of Religion** Paul W. Pruyser,1968 Dynamic Sociology, Or Applied Social Science Lester Frank Ward,1888 **Dynamic Sociology ...** Lester Frank Ward,1915 **The Comparative Rôle of the Group Concept in Ward's "Dynamic Sociology" and Contemporary American Sociology** Walter Blaine Bodenhafer,1921 **A Bergsonian Approach to Translation and Time** Salah Basalamah,2024-10-15 This innovative book offers a systematic conceptual exploration of translation through the lens of time challenging the traditional notion of translation as mere linguistic transfer and advancing a new research agenda within the philosophy of translation The volume sets the stage by establishing an overarching framework that positions the philosophy of translation as a distinct subdiscipline within translation studies It then reviews existing scholarship on translation in light of Henri Bergson s philosophy of time proposing an expanded conceptualization of translation Using this foundation Basalamah explores a variety of topics at the intersection of translation and time from transdisciplinary perspectives including epistemology consciousness mediations through image and art the mind body problem time in phenomenology and ethical and religious considerations As a pioneering work on the temporal characteristic of translation this book will be of interest to students and scholars in translation studies especially those focused on its philosophical treatment *Dynamic Sociology, Or Applied Social Science, as Based Upon Statical Sociology and the Less Complex Sciences* Lester Frank Ward,1883 **Dynamic Sociology or Applied Social Science** Lester F. Ward,1898 **The Courage of Our Confusions** Deane W. Ferm,2004-08-04 It was once said of Ben Franklin that in the final decade of his life he had reached the age when life slopes to an end So here I am in my 8th decade sliding down that slippery slope It has been a great ride During my life as an author of 8 books I have written about other people and what they believed A Christian Century reviewer of my *Contemporary American Theologies A Critical Survey* gave his assessment Ferm s greatest asset is his uncanny ability to synthesize these diverse theologies into a larger conceptual whole A landmark of clarity This is what I have tried my best to do Here however as I slide down the slippery slope I express my own views which never seem to settle down but keep changing with the challenge of new experiences My lifetime mentor has been America s greatest philosopher William James whose writings have taught me to be aware of the varieties of religious experience and the right to believe about the things that matter the most In this book I confront such important issues as the meaning of religion faith and doubt the elusive inner self God Jesus the bible the church the life to come and I end with a challenge to senior citizens to get on with their unfinished doubts and lives My deepest conviction is that the more I know the less I know that life continues to be a bewildering Mystery I will continue investigating the central claims of religion while discarding the old myths with new realities Let us make these claims our religious act The greatest risk is not taking one Let us always have the courage of our

confusions Deane William Ferm **A Dynamic Faith** Rufus M. Jones,2006-03-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

Miracle and Machine Michael Naas,2012 Miracle and Machine is an introduction to the work of Jacques Derrida by means of a detailed reading of his 1994 5 essay Faith and Knowledge Derrida s most important work on the nature of religion in general and on the unprecedented forms it is taking today through science and the media Bergson Keith Ansell Pearson,2018-02-22 A 2018 Choice Outstanding Academic Title A thought provoking contribution to the renaissance of interest in Bergson this study brings him to a new generation of readers Ansell Pearson contends that there is a Bergsonian revolution an upheaval in philosophy comparable in significance to those that we are more familiar with from Kant to Nietzsche and Heidegger that make up our intellectual modernity The focus of the text is on Bergson s conception of philosophy as the discipline that seeks to think beyond the human condition Not that we are caught up in an existential predicament when the appeal is made to think beyond the human condition rather that restricting philosophy to the human condition fails to appreciate the extent to which we are not simply creatures of habit and automatism but also organisms involved in a creative evolution of becoming Ansell Pearson introduces the work of Bergson and core aspects of his innovative modes of thinking examines his interest in Epicureanism explores his interest in the self and in time and memory presents Bergson on ethics and on religion and illuminates Bergson on the art of life **New-Church Messenger** ,1928

Religion ,1949 Includes section Book reviews **The World of the Axial Sages** John C. Stephens,2020-11-25 This book presents an engaging analysis of the global spiritual changes of the first millennium BCE Between the sixth and fourth centuries BCE several new revolutionary religious and philosophic movements were born throughout the world Rather than using the well known label Axial Age to refer to this time of religious change the book argues that a better choice would be the Age of Awakening since it places more emphasis upon the personal internal dimension of religious experience lying at the core of these developments Earthshattering spiritual encounters with the sacred led the prophets and sages of the Age of Awakening to redirect people s attention away from the stagnant traditions of the past towards new forms of dynamic spirituality The era saw the emergence of a variety of innovative spiritual pathways in both the eastern and western worlds In classical Greece Pythagoras and Plato proposed new spiritual and intellectual alternatives to the outdated religious myths and rituals of the polis The Middle East also played a significant role in the spiritual revolution of the first millennium BCE As early as the sixth century BCE the Persian prophet Zoroaster s revelatory visions about the Truth and the Lie led to the birth of a new religious movement known as Zoroastrianism At the time of the Babylonian Exile ancient Judaism underwent a process of radical spiritual renewal largely due to the inspired teachings of the Hebrew prophets In India the writers of the

Upanishads provided a spiritual reinterpretation of many of the old Vedic myths and rituals. Sages including the Buddha and Mahavira rejected the old sacrificial system of the brahmins and asserted that liberation from the cycle of birth and death could only be found through the practice of asceticism and a general withdrawal from the illusory material world. As such, this book highlights the importance of the de-stabilizing influences of religious experience for understanding the revolutionary spiritual developments of the first millennium BCE.
