Babylon 5 Coming of the Shadows Bruce Graw, Various, 2003-09-17 The Earth year 2258 was set to be one of new beginnings but instead became a time of exceptional discord The disputes between the Narn and Centauri have steadily escalated as the two age old enemies vie for territory and influence even as the Minbari subtly manipulate the younger races for their own nebulous ends The Vorlons have for the first time appeared to other races on board the Babylon 5 diplomatic station but their motives seem convoluted and beyond the concerns of others Even the Earth Alliance has suffered with the seemingly accidental death of its president and a growing feeling among many that its government has become fragmented with shadowy groups becoming increasingly self serving pursuing secret agendas with worrying consequences Terrorist groups have grown increasingly daring in their activities trying to secure freedom for worlds within the Earth Alliance or keep alien influence far from humanity Times are growing dark for the weak and helpless but it is also fertile ground for

opportunists and heroes to leave a permanent mark on the galaxy
