**Babylon 5** John Vornholt,1995      *Alfred Bester's The Stars My Destination* D. Harlan Wilson,2022-04-25 In this comprehensive study of *The Stars My Destination* D Harlan Wilson makes a case for the continued significance of Alfred Bester s SF masterwork exploring its distinctive style influences intertextuality affect and innovation as well as its extensive metafictional properties In *Stars* Bester established himself as a son of the pulp SF and high modernist writers that preceded him and a forefather to the New Wave and cyberpunk movements that followed his lead Wilson s study depicts Bester as an SF insider as much as an outlier writing in the spirit of the genre but breaking with the fixation on hard science in favor of psychological interiority literary experimentation and adult themes The book combines close readings of the novel with broader concerns about contemporary media technoculture and the current state of SF itself In Wilson s view SF is a moribund artform and *Stars* foresaw the inevitable science fictionalization of our benighted world With scholarly lucidity and precision Wilson shows us that *Stars* pointed the way to what we have un become      *Babylon 5: The Coming of Shadows*
