Bacchus Figures Et Pouvoirs:

Bacchus Jean-Marie Pailler, 1995 Ce livre s'en tient à l'Antiquité mais à toute l'Antiquité de l'époque mycénienne aux temps paléochrétiens Tout en marquant les continuités constantes et reprises qui jalonnent ce long parcours il ne prétend pas reconstituer une histoire de Bacchus comme divinité de son culte mais en dégager les principales figures et en évoquer les pouvoirs essentiels On verra un témoignage étonnant de permanence mieux de transmission dynamique dans la confrontation des Bacchantes d'Euripide et de l'affaire romaine et italienne des Bacchanales Jean Marie Pailler est professeur d'Histoire ancienne à l'Université Toulouse Le Mirail et archéologue Il est l'auteur de *Bacchanalia Augustan Poetry. New Trends and Revaluations* Paulo Martins, 2018-12-31 *Dionysus and Politics* Filip Doroszewski, Dariusz Karłowicz, 2021-05-30 This volume presents an essential but underestimated role that Dionysus played in Greek and Roman political thought Written by an interdisciplinary team of scholars the volume covers the period from archaic Greece to the late Roman Empire The reader can observe how ideas and political themes rooted in Greek classical thought were continued adapted and developed over the course of history The authors including four leading experts in the field Cornelia Isler Kerényi Jean Marie Pailler Richard Seaford and Richard Stoneman reconstruct the political significance of Dionysus by examining different types of evidence historiography poetry coins epigraphy art and philosophy They discuss the place of the god in Greek city state politics explore the long tradition of imitating Dionysus that ancient leaders from Alexander the Great to the Roman emperors manifested in various ways and shows how the political role of Dionysus was reflected in Orphism and Neoplatonist philosophy *Dionysus and Politics* provides an excellent introduction to a fundamental feature of ancient political thought which until now has been largely neglected by mainstream academia The book will be an invaluable resource to students and scholars interested in ancient politics and religion **Dionysus and Rome** Fiachra Mac Góráin, 2019-12-16 While most work on Dionysus is based on Greek sources this collection of essays examines the god's Roman and Italian manifestations Nine contributions address Bacchus's appearance at the crossroads of Greek and Roman cultures tracing continuities and differences between literary and archaeological sources for the god The essays offer coverage of Dionysus in Roman art Italian epigraphy Latin poetry including epic drama and elegy and prose including historiography rhetorical and Christian discourse The introduction offers an overview of the presence of Dionysus in Italy from the archaic to the imperial periods identifying the main scholarly trends with treatment of key Dionysian episodes in Roman history and literature Individual chapters address the reception of Euripides' *Bacchae* across Greek and Roman literature from Athens to Byzantium Dionysus in Roman art of the archaic and Augustan periods the god's relationship with *Fufluns* and *Liber* in the 4th and 3rd centuries BCE Dionysian associations Bacchus in Cicero Ovid's *Tristia* 5.3 Bacchus in the writings of Christian Latin writers The collection sheds light on a relatively understudied aspect of Dionysus and will stimulate further research in this area Redefining Dionysos Alberto Bernabé, Miguel Herrero de Jáuregui, Ana Isabel Jiménez San Cristóbal, Raquel Martín

Hernández,2013-06-26 This book contributes to the understanding of Dionysos the Greek god of wine dancing theatre and ecstasy by putting together 30 studies of classical scholars They combine the analysis of specific instances of particular dimensions of the god in cult myth literature and iconography with general visions of Dionysos in antiquity and modern times Only from the combination of different perspectives can we grasp the complex personality of Dionysos and the forms of his presence in different cults literary genres and artistic forms from Mycenaean times to late antiquity The ways in which Dionysos was experienced may vary in each author each cult and each genre in which this god is involved Therefore instead of offering a new all encompassing theory that would immediately become partial the book narrows the focus on specific aspects of the god Redefinition does not mean finding again the essence of the god but obtaining a more nuanced knowledge of the ways he was experienced and conceived in antiquity A Handbook to the Reception of Classical Mythology Vanda Zajko,Helena Hoyle,2017-03-16 A Handbook to the Reception of Classical Mythology presents a collection of essays that explore a wide variety of aspects of Greek and Roman myths and their critical reception from antiquity to the present day Reveals the importance of mythography to the survival dissemination and popularization of classical myth from the ancient world to the present day Features chronologically organized essays that address different sets of myths that were important in each historical era along with their thematic relevance Features chronologically organized essays that address different sets of myths that were important in each historical era along with their thematic relevance Offers a series of carefully selected in depth readings including both popular and less well known examples *'Isaac went out to the field': Studies in Archaeology and Ancient Cultures in Honor of Isaac Gilead* Haim Goldfus,Mayer I.
