Back Of The Big House:

Back of the Big House John Michael Vlach,1993 Back of the Big House The Architecture of Plantation Slavery **The Big House** George Howe Colt,2012-08-07 Faced with the sale of the century old family summer house on Cape Cod where he had spent forty two summers George Howe Colt recounts returning for one last stay with his wife and children in this stunning memoir that was a National Book Award Finalist and a New York Times Notable Book of the Year This poignant tribute to the eleven bedroom jumble of gables bays and dormers that watched over weddings divorces deaths anniversaries birthdays breakdowns and love affairs for five generations interweaves Colt s final visit with memories of a lifetime of summers Run down yet romantic The Big House stands not only as a cherished reminder of summer s ephemeral pleasures but also as a powerful symbol of a vanishing way of life **Granny Boop's Big House** Frankie James,2006-10-04 This is the tale of a boy caught up in a Redneck place and time Chock full of love and terror it is an intriguing mix of true family fun American values circa 60s 70s and strange accounts of individual survival Granny Boop s Big House is the saga of seven kids and their alcoholic mother living life in the little pink house they called home Bear witness as the generations pass and Bobby Lee the youngest brother harboring his special secret revealsall After their matriarch passes the clan ultimately divides dashing Mommas dream that they stay together Hopes remain high however of an eventual reunion Growing up Gay White Trash and Liking it is reality at its bizarre best 508 pages **BARBERRY BUSH** ,1927 The Pageant Book Peter Alexander Brannon,1926 Official Program of the Ceremonies and the Pageant in Celebration of Alabama Homecoming Week May 5 6 1926 **Big House Little City** Benedict Zucchi,2023-09-08 Shortlisted for the Architectural Book Awards 2024 Combining architectural and urban thinking in an unusual and engaging way this book presents an integrated approach to architectural theory and design Leon Battista Alberti s assertion in his famous Renaissance treatise that the city is like a big house and the house is in turn like a little city forms the springboard for a series of reflections on architecture s relationship with urbanism and how their once intimate symbiosis unravelled by International Style Modernism can be recovered Explicit references to Alberti s house city phrase have been made by figures as diverse as the architects Louis Kahn Aldo Van Eyck Denys Lasdun and Niels Torp and novelist Italo Calvino But as the book shows thinking of buildings as little cities provides a new lens through which to reappraise the contributions of many other architects including Le Corbusier Frank Lloyd Wright Alvar Aalto Eliel Saarinen Bernard Rudofsky Hans Scharoun Leon Krier Fumihiko Maki Charles Correa and Team 10 In doing so the author identifies common themes that form an unexpected bridgehead between the urban and architectural approaches of Antiquity the Middle Ages Renaissance and 20th century The book explores buildings from across the globe including lesser known projects such as Wright s unbuilt house in Italy or Saarinen s master plan for Cranbrook Academy as well as more recent projects by Niels Torp Behnisch Architekten Sou Fujimoto Peter Barber and WOHA It concludes with practical case studies of residential health education and workplace projects from different countries fulsomely illustrated

with many drawings and photographs These show how architectural design viewed through an urban lens provides a conceptual framework for breaking down the scale of large buildings and integrating them with their context And crucially these also show a very accessible way of explaining evolving designs to the intended users and eliciting their participation in the design process The book offers a compelling approach to the design of projects at all scales within an ecological perspective the sense that big and small cities and buildings must be approached holistically if we are to reverse the degradation and depletion of our habitat both natural and man made Collier's ,1906 **Good Housekeeping** ,1928
