Back From Nothing:

The Back Pain Chronicles Paul Parsons, 2005-01-01 The Back Pain Chronicles is a back pain sufferer's guide to pain free living Included in the book is a common sense explanation for why it is so many people are plagued with back pain as well as a number of steps that people can take to chase pain out of their lives *The Sunday at Home*, 1896 *The Myth of an Afterlife* Michael Martin, Keith Augustine, 2015-03-12 Because every single one of us will die most of us would like to know what if anything awaits us afterward not to mention the fate of lost loved ones Given the nearly universal vested interest in deciding this question in favor of an afterlife it is no surprise that the vast majority of books on the topic affirm the reality of life after death without a backward glance But the evidence of our senses and the ever gaining strength of scientific evidence strongly suggest otherwise In *The Myth of an Afterlife: The Case against Life after Death* Michael Martin and Keith Augustine collect a series of contributions that redress this imbalance in the literature by providing a strong comprehensive and up to date casebook of the chief arguments against an afterlife Divided into four separate sections this collection opens with a broad overview of the issues as contributors consider the strongest evidence of whether or not we survive death in particular the biological basis of all mental states and their grounding in brain activity that ceases to function at death Next contributors consider a host of conceptual and empirical difficulties that confront the various ways of surviving death from bodiless minds to bodily resurrection to any form of posthumous survival Then essayists turn to internal inconsistencies between traditional theological conceptions of an afterlife heaven hell karmic rebirth and widely held ethical principles central to the belief systems supporting those notions In the final section authors offer critical evaluations of the main types of evidence for an afterlife Fully interdisciplinary *The Myth of an Afterlife: The Case against Life after Death* brings together a variety of fields of research to make that case including cognitive neuroscience philosophy of mind personal identity philosophy of religion moral philosophy psychical research and anomalistic psychology As the definitive casebook of arguments against life after death this collection is required reading for any instructor researcher and student of philosophy religious studies or theology It is sure to raise provocative issues new to readers regardless of background from those who believe fervently in the reality of an afterlife to those who do not or are undecided on the matter **Main Street** Sinclair Lewis, 1920 *Main Street* tells the tale of a big city girl who marries a physician and settles in a small town in the Midwest only to fall victim to the narrow mindedness and unimaginative natures of the town's residents Introduction by Thomas Mallon Copyright Libri GmbH All rights reserved *The Apollo Fragment: The Complete Series* Odette C. Bell, The complete series of *The Apollo Fragment* in one volume She survived the deadliest ship explosion in Coalition history Now the past is hunting her down Cadet Elma Henderson is famous at the Coalition Academy for all the wrong reasons As the sole survivor of the Apollo disaster a tragedy that claimed her mother's life and wiped her own memories she just wants to graduate and disappear But when a ruthless alien assassin infiltrates her dorm Elma's quiet life is shattered Her savior Dean the Academy

s arrogant untouchable golden boy But Dean isn't a cadet He's a highly trained Knight Regent an elite telekinetic alien soldier who has been secretly guarding Elma for five years The mysterious artifact that destroyed the Apollo has resurfaced and it has a terrifying connection to Elma With rogue telekinetics tearing the Academy apart Elma must trust the man she's hated for years to survive And Dean must soon decide where his true loyalties lie The Apollo Fragment follows a mysterious cadet and her secret bodyguard fighting rogue telekinetics If you love your space operas with action heart and a splash of romance grab The Apollo Fragment The Complete Series today and soar free with an Odette C Bell series The Apollo Fragment is the 32nd Galactic Coalition Academy series A sprawling epic and exciting sci fi world where cadets become heroes and hearts are always won each series can be read separately so plunge in today **Performance** United States.
