Back From Utopia

Michael Rajnik

Back From Utopia:

Back from Utopia Hubert-Jan Henket, Hilde Heynen, 2002 The Modern Movement was a clarion call to embrace new building technologies to meet the needs of the masses and to advance a new aesthetic of universality and openness. Pioneers like Le Corbusier, Walter Gropius and Mies van der Rohe created a sober, hard-edged architecture with a utopian urgency. Decades later, we have witnessed both the positive and the negative results of their endeavors. After the condemnations of the Modern Movement by postmodernist architects and critics, it is time for a balanced reassessment. Back from Utopia gathers more than 40 contributions by leading voices from the world of architecture and architectural history to reassess the modernist legacy across the world, from Eastern and Western Europe to India and Japan.

Utopian Drama Siân Adiseshiah, 2022-10-06 Shortlisted for The TaPRA David Bradby Monograph Prize 2023. As the first full-length study to analyse utopian plays in Western drama from antiquity to the present, Utopian Drama: In Search of a Genre offers an illuminating appraisal of the objectives of utopianism as manifested in drama through the ages and carefully ascertains the added value that live performance brings to the persuasion of utopian thought. Siân Adiseshiah scrutinises the distinctive intervention of utopian drama through its examination alongside the utopian prose tradition. In this way, the book establishes new ways of approaching utopian aesthetics and new ways of interpreting utopian drama. This book provides fresh understandings of the generic features of utopian plays, identifies the gains of establishing a new genre and ascertains ways in which this genre functions as political theatre. Referring to over 40 plays, of which 18 are examined in detail, Utopian Drama traces the emergence of the utopian play in the Western tradition from ancient Greek Comedy to experimental contemporary work. Works discussed in detail include plays by Aristophanes, Margaret Cavendish, George Bernard Shaw, Howard Brenton, Claire MacDonald, Cesi Davidson and Mojisola Adebayo. As well as offering extended attention to the work of these playwrights, the book reflects on the development of utopian drama through history, notes the persistent features, tropes and conventions of utopian plays and considers the implications of their registration for both theatre studies and utopian studies.
