## **Backlash Against Welfare Mothers Past And Present:**

*Backlash against Welfare Mothers* Ellen Reese, 2005-07-29 Backlash against Welfare Mothers is a forceful examination of how and why a state level revolt against welfare begun in the late 1940s was transformed into a national level assault that destroyed a critical part of the nation's safety net with tragic consequences for American society With a wealth of original research Ellen Reese puts recent debates about the contemporary welfare backlash into historical perspective She provides a closer look at these early antiwelfare campaigns showing why they were more successful in some states than others and how opponents of welfare sometimes targeted Puerto Ricans and Chicanos as well as blacks for cutbacks Her research reveals both the continuities and changes in American welfare opposition from the late 1940s to the present Reese brings new evidence to light that reveals how large farmers and racist politicians concerned about the supply of cheap labor appealed to white voters racial resentments and stereotypes about unwed mothers blacks and immigrants in the 1950s She then examines congressional failure to replace the current welfare system with a more popular alternative in the 1960s and 1970s which paved the way for national assaults on welfare Taking a fresh look at recent debates on welfare reform she explores how and why politicians competing for the white vote and right wing think tanks promoting business interests appeased the Christian right and manufactured consent for cutbacks through a powerful racially coded discourse Finally through firsthand testimonies Reese vividly portrays the tragic consequences of current welfare policies and calls for a bold new agenda for working families

*Sex Cells* Rene Almeling, 2011-09-20 Unimaginable until the twentieth century the clinical practice of transferring eggs and sperm from body to body is now the basis of a bustling market In *Sex Cells* Rene Almeling provides an inside look at how egg agencies and sperm banks do business Although both men and women are usually drawn to donation for financial reasons Almeling finds that clinics encourage sperm donors to think of the payments as remuneration for an easy job Women receive more money but are urged to regard egg donation in feminine terms as the ultimate gift from one woman to another *Sex Cells* shows how the gendered framing of paid donation as either a job or a gift not only influences the structure of the market but also profoundly affects the individuals whose genetic material is being purchased

Counterrevolution Melinda Cooper, 2024-03-26 A thorough investigation of the current combination of austerity and extravagance that characterizes government spending and central bank monetary policy At the close of the 1970s government treasuries and central banks took a vow of perpetual self restraint To this day fiscal authorities fret over soaring public debt burdens while central bankers wring their hands at the slightest sign of rising wages As the brief reprieve of coronavirus spending made clear no departure from government austerity will be tolerated without a corresponding act of penance Yet we misunderstand the scope of neoliberal public finance if we assume austerity to be its sole setting Beyond the zero sum game of direct claims on state budgets lies a realm of indirect government spending that escapes the naked eye Capital gains are multiply subsidized by a tax system that reserves its greatest rewards for financial asset holders And for all

its airs of haughty asceticism the Federal Reserve has become adept at facilitating the inflation of asset values while ruthlessly suppressing wages Neoliberalism is as extravagant as it is austere and this paradox needs to be grasped if we are to challenge its core modus operandi Melinda Cooper examines the major schools of thought that have shaped neoliberal common sense around public finance Focusing in particular on Virginia school public choice theory and supply side economics she shows how these currents produced distinct but ultimately complementary responses to the capitalist crisis of the 1970s With its intellectual roots in the conservative Southern Democratic tradition Virginia school public choice theory espoused an austere doctrine of budget balance The supply side movement by contrast advocated tax cuts without spending restraint and debt issuance without guilt in an apparent repudiation of austerity Yet for all their differences the two schools converged around the need to rein in the redistributive uses of public spending Together they drove a counterrevolution in public finance that deepened the divide between rich and poor and revived the fortunes of dynastic wealth Far reaching as the neoliberal counterrevolution has been Cooper still identifies a counterfactual history of unrealized possibilities in the capitalist crisis of the 1970s She concludes by inviting us to rethink the concept of revolution and raises the question Is another politics of extravagance possible

**Black Women, Black Love** Dianne M Stewart, 2020-10-06 A powerful persuasive and devastatingly haunting examination of America's racist centuries long oppression of Black love Carol Anderson bestselling author of *White Rage* According to the 2010 US census more than seventy percent of Black women in America are unmarried Black Women Black Love reveals how four centuries of laws policies and customs have created that crisis Dianne M Stewart begins in the colonial era when slave owners denied Blacks the right to marry divided families and in many cases raped enslaved women and girls Later during Reconstruction and the ensuing decades violence split up couples again as millions embarked on the Great Migration north where the welfare system mandated that women remain single in order to receive government support And no institution has forbidden Black love as effectively as the prison industrial complex which removes Black men en masse from the pool of marriageable partners Prodigiously researched and deeply felt Black Women Black Love reveals how white supremacy has systematically broken the heart of Black America and it proposes strategies for dismantling the structural forces that have plagued Black love and marriage for centuries

*Handbook of Marriage and the Family* Gary W. Peterson, Kevin R. Bush, 2012-09-14 The third edition of *Handbook of Marriage and the Family* describes analyzes synthesizes and critiques the current research and theory about family relationships family structural variations and the role of families in society This updated Handbook provides the most comprehensive state of the art assessment of the existing knowledge of family life with particular attention to variations due to gender socioeconomic race ethnic cultural and life style diversity The Handbook also aims to provide the best synthesis of our existing scholarship on families that will be a primary source for scholars and professionals but also serve as the primary graduate text for graduate courses on family relationships and the roles of families in society In addition the involvement of chapter authors

from a variety of fields including family psychology family sociology child development family studies public health and family therapy gives the Handbook a multidisciplinary and interdisciplinary framework Ensuring Poverty Felicia Kornbluh, Gwendolyn Mink, 2018-09-10 In Ensuring Poverty Felicia Kornbluh and Gwendolyn Mink assess the gendered history of welfare reform They foreground arguments advanced by feminists for a welfare policy that would respect single mothers rights while advancing their opportunities and assuring economic security for their families Kornbluh and Mink consider welfare policy in the broad intersectional context of gender race poverty and inequality They argue that the subject of welfare reform always has been single mothers the animus always has been race and the currency always has been inequality Yet public conversations about poverty and welfare even today rarely acknowledge the nexus between racialized gender inequality and the economic vulnerability of single mother families Since passage of the Personal Responsibility and Work Opportunity Reconciliation Act PRWORA by a Republican Congress and the Clinton administration the gendered dimensions of antipoverty policy have receded from debate Mink and Kornbluh explore the narrowing of discussion that has occurred in recent decades and the path charted by social justice feminists in the 1990s and early 2000s a course rejected by policy makers They advocate a return to the social justice approach built on the equality of mothers especially mothers of color in policies aimed at poor families **Exploring Women's Studies** Carol Berkin, Judith L. Pinch, Carole S. Appel, 2006 For upper graduate level Womens Studies courses upper level Womens History courses US History courses and English Literature courses This important reader for women s studies contains selections by twenty scholars who have won Woodrow Wilson Fellowships in Womens Studies over the last 30 years and have helped establish and further this subject as an important discipline they write about the changes in their fields their recent research and the theoretical underpinnings of their work This is an indispensable book for instructors and students who want to know what contemporary scholars can tell us about womens lives and notions of gender in history literature the arts and the social sciences how they write about their findings and how they define issues and develop approaches to their subjects Publisher s description The Permanent Tax Revolt Isaac William Martin, 2008 A provocative examination of the property tax revolt of the 1970s that explains why contemporary American politics is now consumed with conflicts over big tax cuts **Feminist Periodicals**, 2006 **The Politics of Prosperity and Crisis in an Industrial Suburb** Christopher Niedt, 2007 **Black Women, Gender & Families**, 2007 New Books on Women and Feminism, 2005 **Putting Poor People to Work** Kathleen M. Shaw, 2006-08-17 Using comprehensive interviews with government officials and sophisticated data from six states over a four year period Putting Poor People to Work shows how recent changes in public policy have reduced the quantity and quality of education and training available to adults to low incomes The authors analyze how two policies encouraging work the federal welfare reform law of 1996 and the Workforce Investment Act of 1998 have made moving people off of public assistance as soon as possible a government priority with little regard to their long term career prospects Putting Poor

People to Work shows that since the passage of these work first laws not only are fewer low income individuals pursuing postsecondary education but when they do they are increasingly directed toward the most ineffective short term forms of training rather than higher quality college level education Moreover the schools most able and ready to serve poor adults the community colleges are deterred by these policies from doing so **BOOK JACKET** **American Sociological Review** ,1936  
Includes sections Book reviews and Periodical literature **Milestone Documents in American History-Vol. 4** Paul Finkelman, Bruce A. Lesh, 2008 A new series combining full text primary source documents with expert analysis and commentary **Dead-end Jobs and the American Occupational Structure** Katrinell Monya Davis, 2008 **The National Rifle Association** Scott Andrew Melzer, 2004 *Lesbian and Gay Parenting* Yvette Taylor, 2009-07-30 Much current work on lesbian and gay kinship still overlooks the significance of socio economic status This book explores the intersections between class and sexuality in lesbians and gay men s experiences of parenting and the everyday pathways navigated therein from initial routes into parenting and household divisions of labour to location preferences schooling choice and community supports In a context of international legal changes this study seeks to situate parents as both sexual and classed subjects interrogating the relevance of class and sexual disadvantages Frequently lesbian and gay families are positioned at the vanguard of transformations in intimacy while often empirically absent in such declarations they are misplaced in this dual over emphasis as agents of social change and sidelining under investigated when compared to the research on heterosexual families This book utilizes the concept of social capital combining a Bourdieusian notion of capital as specifically classed alongside that evidenced in the families of choice literature The theoretical opposition of different frameworks of social capital advances class conceptualisations exploring too the ways that middle classed capitals sometimes do not pay off as a result of occupying non normative sexualities **Feminist Studies** ,2006 **Social Justice** ,2006
