## **Backwoods America:**

Backwoods America Charles Morrow Wilson,1970 *Chauvinism of the West* Shadia B. Drury,2024-09-27 This book is a critical exploration of the intellectual foundations of American foreign policy on the left and the right The left is inspired by Immanuel Kant's idea that spreading democracy is the key to universal peace The right is inspired by the realism of Thucydides Leo Strauss and Carl Schmitt The emphasis is on military power as a sign of superiority and a means to survival For the right spreading democracy is merely a ploy for building a global commercial empire to rival the British Drury gives reasons for rejecting both as manifestations of the chauvinism of the West **Daily Life in 1950s America** Nancy Hendricks,2019-02-22 Placing the era firmly within the American experience this reference illuminates what daily life was really like in the 1950s including for people from the Other America those outside the prosperous white middle class Daily Life in 1950s America shows that the era was anything but uneventful Apart from revolutionary changes during the decade itself it was in the 1950s that the seeds took root for the social turmoil of the 1960s and the technological world of today The book's interdisciplinary format looks at the domestic economic intellectual material political recreational and religious life of average Americans Readers can look at sections separately according to their interests or classroom assignment or can read them as an ongoing narrative By entering the homes of average Americans far from the corridors of power we can make sense of the 1950s and see how the headlines of the era translated into their daily lives This readable and informative book is ideal for anyone interested in this formative decade in American life Well researched factual material is presented in an engaging way along with lively sidebars to humanize each section It is unique in blending the history popular culture and sociology of American daily life including those of Americans who were not white middle class and prosperous **What Is America?** Ronald Wright,2009-02-24 From the award winning 1 bestselling author of A Short History of Progress comes another surprising frightening and essential book The USA is now the world's lone superpower whose deeds could make or break this century For better and worse America has Americanized the world How did a marginal frontier society in a mere two centuries become the de facto ruler of the world Why do America's great achievements in democracy prosperity and civil rights now seem threatened by forces within itself Brimming with insight into history and human behaviour and written in Wright's captivating style What Is America shows how this came to pass how the United States which regards itself as the most modern country on earth is also deeply archaic a stronghold not only of religious fundamentalism but of modern beliefs in limitless progress and a universal mission that have fallen under suspicion elsewhere in the west a rethinking driven by two World Wars and the reckless looting of our planet A fresh passionate look at the past and future of the world's most powerful nation What Is America will reframe the debate about our neighbour and ourselves **America's Communal Utopias** Donald E. Pitzer,2010-01-20 From the Shakers to the Branch Davidians America's communal utopians have captured the popular imagination Seventeen original essays here demonstrate the relevance of such groups to the

mainstream of American social religious and economic life The contributors examine the beliefs and practices of the most prominent utopian communities founded before 1965 including the long overlooked Catholic monastic communities and Jewish agricultural colonies Also featured are the Ephrata Baptists Moravians Shakers Harmonists Hutterites Inspirationists of Amana Mormons Owenites Fourierists Icarians Janssonists Theosophists Cyrus Teed's Koreshans and Father Divine's Peace Mission Based on a new conceptual framework known as developmental communalism the book examines these utopian movements throughout the course of their development before during and after their communal period Each chapter includes a brief chronology giving basic information about the group discussed An appendix presents the most complete list of American utopian communities ever published The contributors are Jonathan G Andelson Karl J R Arndt Pearl W Bartelt Priscilla J Brewer Donald F Durnbaugh Lawrence Foster Carl J Guarneri Robert V Hine Gertrude E Huntington James E Landing Dean L May Lawrence J McCrank J Gordon Melton Donald E Pitzer Robert P Sutton Jon Wagner and Robert S Weisbrot The Nation ,1930 Folksingers and Folksongs in America Ray McKinley Lawless,1965 **Frontier America** Thomas Dionysius Clark,1959 **American Game Mammals and Birds** John Charles Phillips,1930 *The American Backwoods Frontier* Terry G.
