Bad Mothers Handbook:

Bad Mother's Handbook Pan Macmillan,2004-03 **The Bad Mother's Handbook** Kate Long,2007-12-18 BAD MOTHER RULE 1 NEVER EVER DO WHAT I DID For seventeen year old Charlotte Cooper it s too late Despite her best efforts to finish school tune out her angry slightly hysterical mother and cope with her loving but dotty grandmother she is unexpectedly now that s an understatement pregnant And don t even mention the jerk who knocked her up Charlotte s mother Karen is trying to convince herself that there are worse things than becoming a grandmother at thirty three For instance there s wanting to kill Charlotte for the mess she s made of her life Between struggling to pay the bills and halfheartedly filling out questionnaires on Internet dating sites Karen uncovers a scandalous family secret involving her own birth and then falls back into bed with her sexy ex husband So much for perfect timing In the meantime Karen s mother Nan is having a wee bit of trouble with names sometimes her own But that doesn t keep her from retaining a few things she d rather forget Of course Nan knows that everything will work out fine for Charlotte and the baby these things usually do Now if only she could put the pieces of her own fragmented memory together she might have an interesting tale or two to share In this wickedly funny disarmingly moving novel three generations of mothers learn that it s the simplest mistakes that can change your life forever With wit and wisdom Kate Long proves that there are as many kinds of mothers as there are daughters but the love that binds them all is what truly matters **Bad Mother's Handbook** Kate Long,2004-03-01

Bad Mothers United Kate Long,2013-02-28 The long awaited sequel to the number one bestselling THE BAD MOTHER S HANDBOOK Before Yummy Mummies and Slummy Mummies before the Battle Hymn of the Tiger Mother before we wondered How She Does It there was THE BAD MOTHER S HANDBOOK Hundreds of thousands of readers lived a year in the life of Charlotte Karen and Nan as they struggled with becoming mothers for the first time And now they are back Certainly older probably not wiser and definitely as hilariously catastrophic as before For all those who have asked how to be a woman here is HOW TO BE A BAD MOTHER A storyteller in the Joanna Trollope league Long writes astutely and comically about the complexities of motherhood Independent Warm witty and wise Red One of the authors that I rush out to buy straight away I find her work challenging witty fresh and real Adele Parks **The Bad Mother's Handbook** Kate Long,2004-03-02 The story of a year in the lives of Charlotte Karen and Nan none of whom can quite believe how things have turned out Why is it all so difficult Why do the most ridiculous mistakes have the most disastrous consequences When are you too young to be a mother Both hilarious and wise The Bad Mother s Handbook is a clear eyed look at motherhood and childhood in its many guises from the moment the condom breaks to the moment you file for divorce or more optimistically from the moment of your baby s first cry to the moment you realise that there are as many sorts of mother as there are children and that love sometimes is the most important thing of all **Maternities** Robyn Longhurst,2012-07-26 Over the past decade geographers have shown a growing interest in the body as an important co ordinate of subjectivity and as a way

of understanding further relationships between people place and space To date however geographers have published little on what is one of if not the most important of all bodies bodies that conceive give birth and nurture other bodies It is time that feminist social and cultural geographers contributed more to debates about maternal bodies This book offers a series of windows on the ways in which maternal bodies influence and are influenced by social and spatial processes Topics covered include women coming out as pregnant at work changing fashion for pregnant women being disabled and pregnant the politics of home versus hospital birth breastfeeding practices that sit outside the norm women who are constructed as bad mothers and e mums mothers who go on line *Young Mothers's Handbook* Marianna Wheeler,1914 *Before She Was Mine* Kate Long,2012-03-01 Freya is torn between her two mothers Liv her adoptive mother who nurtured and raised her is earthy no nonsense The total opposite to Melody with her vibrant explosive personality and extensive brightly coloured wardrobe Freya s birth mother is still apt to find herself thrown out of Top Shop for bad behaviour Hard as it has been for Freya to try to reconcile her two families it has been harder for her mothers Proud of her mature and sensible adoptive daughter Liv fears Melody s restless influence Meanwhile forced to give up her baby when she was just a teenager herself Melody now craves Freya s love and acceptance but only really knows how to have fun Then tragedy strikes and the bonds of love that tie these three women together will be tested to the max Can they finally let go of the past and pull together in order to withstand the toughest challenge life could throw them *The Relieving Officers' Handbook* William Henry Dumsday,John Moss,1930 *Childfree and Happy* Courtney Adams Wooten,2023-06-15 *Childfree and Happy* examines how millennia of reproductive beliefs or doxa have positioned women who choose not to have children as deviant or outside the norm Considering affect and emotion alongside the lived experiences of women who have chosen not to have children Courtney Adams Wooten offers a new theoretical lens to feminist rhetorical scholars examinations of reproductive rhetorics and how they circulate through women s lives by paying attention not just to spoken or written beliefs but also to affectual circulations of reproductive doxa Through interviews with thirty four childfree women and analysis of childfree rhetorics circulating in historical and contemporary texts and events this book demonstrates how childfree women individually and collectively try to speak back to common beliefs about their reproductive experiences even as they struggle to make their identities legible in a sociocultural context that centers motherhood *Childfree and Happy* theorizes how affect and rhetoric work together to circulate reproductive doxa by using Sara Ahmed s theories of gendered happiness scripts to analyze what reproductive doxa is embedded in those scripts and how they influence rhetoric by about and around childfree women Delving into how childfree women position their decision not to have children and the different types of interactions they have with others about this choice including family members friends colleagues and medical professionals *Childfree and Happy* also explores how communities that make space for alternative happiness scripts form between childfree women and those who support them It will be of interest to scholars in the fields of the rhetoric of motherhood mothering as well as
