She has completed more than forty freelance projects. She is a top-rated freelancer on Upwork formerly oDesk with 6,500 paid hours and even more if counting the hours spent working on fixed-price jobs. Clients continuously rate her work with the maximum review rating of five stars. Today she fully enjoys the freelance lifestyle, traveling the world while making a good living working online. Her market rates range from 40 per hour for hourly jobs all the way up to 100 per hour when working on fixed-price projects. And she sure made a lot of mistakes early on in her freelance career. For example, she was selling herself short when working for as low as 7 per hour during the first few months. Don't make rookie mistakes when you can learn from hers. Download the sample of the book and see what's in it. But be warned: this book is not a silver bullet for success. You have to roll up your sleeves and work hard to achieve your goals. If you are committed to succeed, this book is everything needed to kick-start your freelance practice on Upwork formerly oDesk. Diana tells her story while also walking you through all the steps needed to lay a solid foundation for your freelance business on Upwork. In the end of each chapter, she includes action items aka homework assignments to help you put all tips in practice right away. Have a look inside to see the Table of Contents and the first couple of book sections.

Upwork Essentials John Morris, 2020-08-14. What does it REALLY take to be successful on Upwork? The 20% that will create 80% of your results. That's the point of Upwork Essentials: to teach you that 20%. When I first started on Upwork, everybody told me I had to pay my dues, build my job history with small projects, get to Top Rated status, and THEN I could start landing bigger projects and making real money. Instead, the first project I landed was for 2191.78. Not bad for a complete beginner. I landed several more projects like that and hit over 10K in earnings in my first few months. Years later, I decided to teach what I knew about Upwork. THIS book though is a distillation of what I did in those first few months to get started so quickly. A method I've taught now to over 6,000 students, many of whom have seen a dramatic change in their results in just days. Even more who've applied the principles long-term and built sustainable freelance businesses for themselves using Upwork. Of course, the book is NOT for everyone. If you're looking for whiz-bang or bright and shiny, this book isn't for you because it's really about fundamentals. Understanding how Upwork's Search and Suggestion actually works, building your profile to rank higher in that engine, and bidding on jobs that fit the overall strategy instead of focusing solely on the money. If you're new to Upwork or have been on the platform for awhile but have struggled, this book is for you. I'll teach you my Rank and Relevance Framework to start getting clients right away and build a sustainable Upwork business.
