Identify Your Skills and Niche

The first step toward freelancing is taking stock of your skills passions and experiences Write down everything you do well graphic design writing coding consulting or any other service Then look for a niche where demand outstrips supply Specializing in a particular industry or service such as medical copywriting Shopify development or UX research for fintech helps you stand out When you become known for a focused offering clients are more likely to find you trust your expertise and pay premium rates

Clarifying a niche also makes marketing easier

you speak directly to a defined audience and understand their pain points

Define Your Value Proposition and Target Market

Once you choose your niche craft a clear value proposition Ask yourself Who benefits most from my service What problems am I uniquely equipped to solve How do I deliver faster or better results than competitors Your value proposition should be concise one or two sentences that convey the biggest benefit you provide

Next identify your ideal client profile

Upwork Essentials John Morris, 2020-08-14 What does it REALLY take to be successful on Upwork? The 20% that will create 80% of your results. That's the point of Upwork Essentials: to teach you that 20%. When I first started on Upwork, everybody told me I had to pay my dues, build my job history with small projects, get to Top Rated status, and THEN I could start landing bigger projects and making real money. Instead, the first project I landed was for 2191.78. Not bad for a complete beginner. I landed several more projects like that and hit over 10K in earnings in my first few months. Years later, I decided to teach what I knew about Upwork. THIS book though is a distillation of what I did in those first few months to get started so quickly. A method I've taught now to over 6,000 students, many of whom have seen a dramatic change in their results in just days. Even more who've applied the principles long-term and built sustainable freelance businesses for themselves using Upwork. Of course, the book is NOT for everyone. If you're looking for whiz-bang or bright and shiny, this book isn't for you because it's really about fundamentals: Understanding how Upwork's Search and Suggestion actually works; building your profile to rank higher in that engine; and bidding on jobs that fit the overall strategy instead of focusing solely on the money. If you're new to Upwork or have been on the platform for a while but have struggled, this book is for you. I'll teach you my Rank and Relevance Framework to start getting clients right away and build a sustainable Upwork business.
