Laser Focus Seo for Niche Sites Explained George M. Lambert, 2013-10-11 **Laser Focus SEO For Niche Sites Explained** This book is the true story of a dream many of us have yet so few attempt to bring to reality creating and running your own business out of your house and making a decent income from doing so How Niche sites are meant to create passive income income from building a site populating it with say 10 great articles on a specific topic articles that are interesting and grab user's attention and using good SEO techniques on the site optimize it for search engines so that for instance it appears near page 1 of Google results when people search on your topic Finally place ads or affiliate codes on the site and voila income is generated whilst you sleep But is it really that simple Well answer is Yes and No If you have the right tool and knowledge to use those tools than YES it can be a simple 1 2 3 process that you rinse and repeat to success every time This book will show you step by step how I generate a decent income from niche sites It isn't difficult even for non technical people as I added a last chapter dedicated to technical terminology No matter how technically minded you are you'll have no trouble following these directions Even though I touched various aspects of Niche site building process in this book I tried to keep my focus mostly on the SEO aspect of this process As you will learn how SEO for niche sites can vastly differ from those of the authority type sites George Lambert [The Small Business Website Checklist](#) Nick Loper, 2014-01-19 **Why Your Business Needs a Website** If you're doing business today online OR offline you need a website It's that simple Every day Google completes more than 5 billion searches Think some of those people even just a tiny fraction might be searching for what you sell If you don't have a website how will they ever find you This book is about setting up your web presence the right way or optimizing your existing website to reach more visitors Ultimately it's about generating more traffic more leads and more sales and profit for your small business Who is This Book For This book is for small business owners who Have a website but feel like it's not delivering the results it could Need a website but aren't sure where to start or who to trust for advice Are confused and intimidated when dealing with technical problems or contracting with programmers Have you been overpromised or oversold by web developers in the past You're not alone In fact it happened to me It seems like there's an entire industry out there trying to milk small business owners out of their hard earned cash But you don't need to be another

victim Armed with this checklist you ll have a working knowledge of all the important elements of a truly awesome website one that presents your brand to the world and helps achieve your goals online After all isn t that what it s all about Why This List There is no shortage of resources when it comes to getting started online Some of these are genuinely helpful and many of those will be mentioned in the pages ahead But others just want to sell you some service you don t really need or get you to sign up for a hosting package through their affiliate link so they can earn a commission Do they really have your best interest in mind Many only give you part of the story or leave you with more questions than answers What s missing is a comprehensive checklist for small businesses to use when evaluating their current website or when planning out their new site That s where this book comes in I m a small business owner myself and have been working online for nearly 10 years In that time I ve come across too many amazing businesses with amazingly bad websites Or worse local businesses I wanted to find information on and patronize but that had no website at all This checklist is my effort to help give small business owners the information they need to succeed online From one entrepreneur to another let s get started What are you waiting for Hit the Buy Now button and get started today
