

Affiliate marketing is the process where you earn a commission for promoting other people's products. You find a product you like, promote the product on your website, and receive a commission for every sale that you generate.

How affiliate marketing works in four steps:

1. Join an affiliate marketing program.
2. Choose a great product you want to promote and receive an affiliate link.
3. Share the affiliate link on your website or on social media.
4. Somebody clicks your link, purchases the product, and you receive a commission on the sale.

At its base level, that's how affiliate marketing works.
