Truth in Our World Today Bing Goodman, 2025-03-18 Truth in Our World Today addresses the need to find truth which is becoming more obscured and diluted in woke circles that are widening and influencing adults teens and even unsuspecting children today This book addresses how to find and recognize truth from error It reveals and outlines tactics used by those who oppose truth as they promote destructive agendas This book puts side by side the agendas and dogmas opposing truth contrasting them with unchangeable truths in a way that clear choices can easily be seen These comparisons made without emotional conflict show points on both sides directly and clearly Truth is not often given voice or stage and is often shouted down today Here truth is given voice and perspective which is so hard to find It is my hope that truth becomes easier to discern so it can be readily chosen and can bring true joy into the life of the reader Acting upon unchanging eternal truths taught by Jesus Christ is the way to find happiness and true joy in life Whitaker's Book List, 1991 Tomorrow Is Yesterday Hussein Agha, Robert Malley, 2025-09-16 Two insiders explain why the Israeli Palestinian peace process failed and anticipate what lies ahead On October 7 2023 Hamas fighters killed more than eleven hundred Israelis and took more than two hundred hostages prompting an Israeli response that has in turn taken tens of thousands of lives and devastated the Gaza Strip Why did this happen and can anything be done to grant peace and justice to Israelis and Palestinians alike In

Tomorrow Is Yesterday veteran negotiators Hussein Agha and Robert Malley offer a personal and bracing perspective on how the hopes of the Oslo Peace Process became the horrors of the present Drawing on their experience advising the Palestinian leadership Arafat and Abbas and US presidents Clinton Obama and Biden and their participation in secret talks over decades Agha and Malley offer candid portraits of leading figures and an interpretation of the conflict that exposes the delusions of all sides They stress that the two state solution became a global goal only when it was no longer viable that U S officials preferred technical schemes to a frank reckoning with the past that Hamas s onslaught and Israel s war of destruction were not historical exceptions but historical reenactments and that the gaps separating Israelis and Palestinians have less to do with territorial allocation than with history and emotions
