Bach Cantata 140

Pamela Karantonis, Dylan Robinson

Bach Cantata 140:

Cantata 140 Johann Sebastian Bach, 1959 Bach Perspectives, Volume 1 Russell Stinson, 2025-01-21 Launched in 1995 Bach Perspectives has become the premier English language serial book series dedicated to cutting edge Bach scholarship The University of Illinois Press now offers the first four volumes in open access editions available for free to all interested readers In Volume One Bach scholar Russell Stinson edits essays from Stephen A Crist Michael Marissen David Schulenberg and other experts Topics range from issues of composition and improvisation to works like the Orgelbuchlein and the First Brandenburg Concerto Contributors James A Brokaw II Eric T Chafe Stephen A Crist Michael Marissen David Schulenberg and Russell Stinson **Opera Indigene: Re/presenting First Nations and Indigenous Cultures** Pamela Karantonis, Dylan Robinson, 2016-05-13 The representation of non Western cultures in opera has long been a focus of critical inquiry Within this field the diverse relationships between opera and First Nations and Indigenous cultures however have received far less attention Opera Indigene takes this subject as its focus addressing the changing historical depictions of Indigenous cultures in opera and the more contemporary practices of Indigenous and First Nations artists The use of re presenting in the title signals an important distinction between how representations of Indigenous identity have been constructed in operatic history and how Indigenous artists have more recently utilized opera as an interface to present and develop their cultural practices This volume explores how operas on Indigenous subjects reflect the evolving relationships between Indigenous peoples the colonizing forces of imperial power and forms of internal colonization in developing nation states Drawing upon postcolonial theory ethnomusicology cultural geography and critical discourses on nationalism and multiculturalism the collection brings together experts on opera and music in Canada the Americas and Australia in a stimulating comparative study of operatic re presentation *Bach's Chorals: The hymns and hymn melodies of the organ works* Charles Sanford Terry, 1921 J.S. Bach Malcolm Boyd, John Butt, 1999 As well as being an authoritative and convenient resource for scholars students and performers the Oxford Composer Companion to Bach provides the ordinary Bach Baroque music enthusiast with information not usually found in programme or sleeve notes exploring the life and works of Bach and the historical context in which he lived Topics covered include genres eg chorales structures eg fugue individual works eg St John Passion compositional practices and techniques people and places institutions instruments performing practice festivals and performers reception of Bach's music stylistic influence and parodies and Bach scholarship The main alphabetical text is supplemented by useful endmatter including a family tree chronology list of works openings of vocal works and a glossary of specialist terms **Performance Practice** Roland Jackson, 2013-10-23 Performance practice is the study of how music was performed over the centuries both by its originators the composers and performers who introduced the works and later by revivalists This first of its kind Dictionary offers entries on composers musicians performers technical terms performance centers musical instruments and genres all aimed at elucidating issues in performance practice This A Z

guide will help students scholars and listeners understand how musical works were originally performed and subsequently changed over the centuries Compiled by a leading scholar in the field this work will serve as both a point of entry for beginners as well as a roadmap for advanced scholarship in the field

Mapping Musical Signification Joan Grimalt,2021-01-23 This book is a unique attempt to systematize the latest research on all that music connotes Musicological reflections on musically expressive content have been pursued for some decades now in spite of the formalist prejudices that can still hinder musicians and music lovers The author organizes this body of research so that both professionals and everyday listeners can benefit from it in plain English but without giving up the level of depth required by the subject matter Two criteria have guided his choice among the many ways to speak about musical meaning its relevance to performance and its suitability to the teaching context The legacy of the so called art music without an interpretive approach that links ancient traditions to our present runs the risk of missing the link to the new generations of musicians and listeners Complementing the theoretical systematic content each chapter includes a wealth of examples including the so called popular music

The Musical Leader ,1929

J. S. Bach's Johannine Theology Eric Chafe,2014-04 Bach s Johannine Theology The St John Passion and the Cantatas for Spring 1725 is a fertile examination of this group of fourteen surviving liturgical works Renowned Bach scholar Eric Chafe begins his investigation into Bach s theology with the composer s St John Passion concentrating on its first and last versions Beyond providing a uniquely detailed assessment of the passion Bach s Johannine Theology is the first work to take the work beyond the scope of an isolated study considering its meaning from a variety of musical and historical standpoints Chafe thereby uncovers a range of theological implications underlying Bach s creative approach itself Building considerably on his previous work Chafe here expands his methodological approach to Bach s vocal music by arguing for a multi layered approach to religion in Bach s compositional process Chafe bases this approach primarily on two aspects of Bach s theology first the specific features of Johannine theology which contrast with the more narrative approach found in the Synoptic Gospels Matthew Mark Luke and second contemporary homiletic and devotional writings material that is not otherwise easily accessible and less so in English translation Bach s Johannine Theology provides an unprecedented enlightening exploration of the theological and liturgical contexts within which this music was first heard
