Back In America:

"Taking Back America" Thomas R. Meinders, 2011-04-11 When the federal government starts to provide the American citizens with facts about what they are doing instead of making decisions that they believe are best for the common folk The pathetic part is that the President and Congress for the most part do not listen to what the American citizen is telling them When we make every member accountable we will be starting the process of Taking Back America The citizens of the United States need to express our opinions to the representatives of our local districts and make sure that they understand we will not be voting for them in 2012 if they do not start acting in the best interest of the people Could it be that the reason that the main stream media is always backing the Democrats and the unions is because they are union shops That is correct The main stream media are union shops and therefore are usually biased in their reporting in favor of the Democrats and the unions This sure explains some of their very biased articles **The Northwestern Miller** ,1904 **American Lumberman** ,1918
