Back to the Future Michael Klastorin, Sally Hibbin, 1990      **Focus On: 100 Most Popular United States National Film Registry Films** Wikipedia contributors,      *Focus On: 100 Most Popular American Teen Comedy Films* Wikipedia contributors,      **The Ultimate History of the '80s Teen Movie** James King, 2019-03-19 For fans of The Movies That Made Us a behind the scenes look at what went into making the favorite blockbuster films of the 1980s A trip back to the era of troubled teens and awesome soundtracks of Reagan rap and Ridgemoor High of MTV VHS and Axel F of outsiders lost boys and dead poets of Bill and Ted Brooke Shields and the Brat Pack of three Porky's flicks two Coreys and one summer when Baby refused to be put in a corner The Ultimate History of the 80s Teen Movie goes behind the scenes of a genre where cult hits mingled with studio blockbusters where giants like Spielberg and Coppola rubbed shoulders with baby faced first timers and where future superstars Sean Demi and Tom all got their big break Music comedy and politics all play a part in the surprisingly complex history of the 80s teen movie And while the films might have been aimed primarily at adolescents the best tackle universal issues and remain relevant to all ages From a late 70s Hollywood influx to an early 90s indie scene that gave youth cinema a timely reboot film expert James King highlights the personal struggles the social changes and the boardroom shake ups that produced an iconic time in movie history Admirably opting for analysis over nostalgia and gossip King examines the origin production and cultural afterlife of seemingly every youth centric 1980s movie you've ever heard of and more An excellent adventure through a distinct and genre spanning era in cinema history For casual movie fans and industry minded cinephiles alike Library Journal      *Steven Spielberg* Joseph McBride, 2011-01-04 Until the first edition of Steven Spielberg A Biography was published in 1997 much about Spielberg's personality and the forces that shaped it had remained enigmatic in large part because of his tendency to obscure and mythologize his own past But in this first full scale in depth biography of Spielberg Joseph McBride reveals hidden dimensions of the filmmaker's personality and shows how deeply personal even his most commercial work has been This new edition adds four chapters to Spielberg's life story chronicling his extraordinarily active and creative period from 1997 to the present a period in which he has balanced his executive duties as one of the partners in the film studio DreamWorks SKG with a remarkable string of films as a director Spielberg's ambitious recent work including Amistad Saving Private Ryan A.I. Artificial Intelligence Minority Report The Terminal and Munich has continually expanded his range both stylistically and in terms of adventurous often controversial subject matter Steven Spielberg A Biography brought about a reevaluation of the great filmmaker's life and work by those who viewed him as merely a facile entertainer This new edition guides readers through the mature artistry of Spielberg's later period in which he manages against considerable odds to run a successful studio while maintaining and enlarging his high artistic standards as one of America's most thoughtful sophisticated and popular filmmakers      **MovieCon**
