Gibson,1927      **Greek Tragedy into Film** Kenneth MacKinnon,2013-10-08 If Greek tragedy is sometimes regarded as a form long dead and buried both theatre producers and film directors seem slow to accept its interment Originally published in 1986 this book reflects the renewed interest in questions of staging the Greek plays to give a comprehensive account and critical analysis of all the important versions of Greek tragedy made on film From the 1927 footage of the re enactment of Aeschylus Prometheus in Chains at the Delphi Festival organised by Angelos Sikelianos to Pasolini s Notes for an African Oresteia the study encompasses the version of Oedipus by Tyrone Guthrie Tzavellas s Antigone with Irene Papas Michael Cacoyannis s series which included Electra The Trojan Women and Iphigeneia Pasolini s Oedipus and Medea with Maria Callas Miklos Jancso s Elektra Dassim s Phaedra and others Many interesting questions are raised by the transference of a highly stylised form such as Greek tragedy to what is often claimed to be the realistic medium of film What becomes clear is that the heroic myths

retain with ease the power to move the audiences in very different milieux through often strikingly different means The book may be read as an adjunct to viewing of the films but enough synopsis is given to make its arguments accessible to those familiar only with the classical texts or with neither version *Rock Island Lines News Digest* ,1948 *Our Flag with the Stars and Stripes* George Frederick Root,1896 *Hindi Film Songs and the Cinema* Anna Morcom,2017-07-05 Since their beginnings in the 1930s Hindi films and film songs have dominated Indian public culture in India and have also made their presence felt strongly in many global contexts Hindi film songs have been described on the one hand as highly standardized and on the other as highly eclectic Anna Morcom addresses many of the paradoxes eccentricities and myths of not just Hindi film songs but also of Hindi cinema by analysing film songs in cinematic context While the presence of songs in Hindi films is commonly dismissed as purely commercial this book demonstrates that in terms of the production process musical style and commercial life it is most powerfully the parent film that shapes and defines the film songs and their success rather than the other way round While they constitute India's still foremost genre of popular music film songs are also situational dramatic sequences inherently multi media in style and conception This book is uniquely grounded in detailed musical and visual analysis of Hindi film songs song sequences and films as well as a wealth of ethnographic material from the Hindi film and music industries Its findings lead to highly novel ways of viewing Hindi film songs their key role in Hindi cinema and how this affects their wider life in India and across the globe It will be indispensable to scholars seeking to understand both Hindi film songs and Hindi cinema It also forms a major contribution to popular music popular culture film music studies and ethnomusicology tackling pertinent issues of cultural production multi media and the cross cultural use of music in Hindi cinema The book caters for both music specialists as well as a wider audience *Italian Backgrounds* Edith Wharton,1905 Collection of nine travel essays by Pulitzer Prize winning author **Early Plays** Henrik Ibsen,1921 Describes the life dancing and choreography of Alvin Ailey who created his own modern dance company to explore the black experience *Program Suggestions for Home Economics Entertainments* Lulu Williams Gillum,1929 **The Bookman** ,1896 **American Journal of Philology** ,1893
