Backroom Boys:

Backroom Boys Francis Spufford,2004-09-02 **Backroom Boys** Francis Spufford,2010-11-25 A brilliant beautiful account of how British boffins triumphed across the decades in creating everything from computer games to Martian landers The book contains chapters on the Beagle II Elite the 80s computer game the Blue Streak missile Concorde mobile phone technology and the Human Genome Project among others Britain is the only country in the world to have cancelled its space programme just as it put its first rocket into orbit Starting with this forgotten episode Backroom Boys tells the bittersweet story of how one country lost its industrial tradition and got back something else Sad inspiring funny and ultimately triumphant it follows the technologists whose work kept Concorde flying created the computer game conquered the mobile phone business saved the human genome for the human race and who now are sending the Beagle 2 probe to burrow in the cinnamon sands of Mars Backroom Boys is a vivid love letter to quiet men in pullovers to those whose imaginings take shape not in words but in mild steel and carbon fibre and lines of code Above all it is a celebration of big dreams achieved with slender means **The Backroom Boys** Noam Chomsky,1973-01-01 **The Backroom Boys** Graeme Sligo,2013 Black Sheep and Lambe Ducks Albert Jack,2010-05-04 The fun and fascinating follow up to the international bestseller Red Herrings and White Elephants Why do people put their skeletons in a closet have a hunch get the cold shoulder get dressed up to the nines or call a spade a spade These phrases are used every day yet most people have little or no idea where most of them come from In Black Sheep and Lambe Ducks Albert Jack takes readers on a journey through the curious and often bizarre origins of hundreds of their favorite idioms and expressions For example wearing your heart on your sleeve comes from the Middle Ages when a lady would give her heart in the form of a handkerchief pinned to the sleeve of a knight who was about to go into battle And calling someone the black sheep in the family refers to a thousands year old belief that a black lamb in a flock was unpopular because its fleece was undyeable and therefore less valuable With Black Sheep and Lambe Ducks any language lover can feel like a Smart Aleck and also know exactly who that was An Army of Influence Craig Stockings,Peter Dennis,2021-11-15 The importance of regional cooperation is becoming more apparent as the world moves into the third decade of the 21st century An Army of Influence is a thought provoking analysis of the Australian Army s capacity to change with a particular focus on the Asia Pacific region Written by highly regarded historians strategists and practitioners this book examines the Australian Army s influence abroad and the lessons it has learnt from its engagement across the Asia Pacific region It also explores the challenges facing the Australian Army in the future and provides principles to guide operational administrative and modernisation planning Containing full colour maps and images An Army of Influence will be of interest to both the wider defence community and general readers It underscores the importance of maintaining an ongoing presence in the region and engages with history to address the issues facing the Army both now and into the future **Billboard** ,1960-07-25 In its 114th year Billboard remains the world s premier weekly music publication and a diverse
