Summary of Laura Schlessinger's Bad Childhood-Good Life Everest Media,2022-03-01T21:00:00Z Please note This is a companion version not the original book Sample Book Insights 1 The calls to my radio show are coming from children who are being victimized by their parents I try to give them a positive perspective on the situation 2 The price you have to pay for something you want is that it hurts when you lose it The good part is that you get to see it Children need to learn that these lessons are universal experiences not just their personal unique horrible cross to bear 3 Many people especially children are affected by their parents divorce They may end up becoming career victims always unhappy demanding of others and a big chip on their shoulder 4 When you are a victim the past is in control of your present When you are a conqueror the present is controlled by your choices in spite of the pain and pull of your past It is difficult for some people to make these decisions and follow through but they can do it if they try

Bad Childhood---Good Life Laura Schlessinger,2006-01-03 In this important book Dr Laura Schlessinger shows men and women that they can have a Good Life no matter how Bad their Childhood For each of us there is a connection between our early family dynamics and experiences and our current attitudes and decisions Many of the people Dr Laura has helped did not realize how their histories impacted their adult lives or how their choices in people repetitive situations and decisions even their emotional reactions were connected to those early negative experiences playing a major role in their current unhappiness For these people and millions like them too much time is dedicated to repeating the ugly dynamics of childhood in a vain attempt to repair or cope with deep hurt and longings Too often they use their emotional pain to control others or excuse their own inappropriate and destructive behaviors Some turn to therapy only to find themselves trapped in their self pitying victim mode robbed of optimism confidence and growth
