Absolute MacInnes Colin MacInnes, Tony Gould, 1985-01      **Worlds Gone Awry** John J. Han, C. Clark Triplett, Ashley G. Anthony, 2018-08-22 Dystopian fiction captivates us by depicting future worlds at once eerily similar and shockingly foreign to our own This collection of new essays presents some of the most recent scholarship on a genre whose popularity has surged dramatically since the 1990s Contributors explore such novels as *The Lord of the Flies* *The Heart Goes Last* *The Giver* and *The Strain Trilogy* as social critique revealing how they appeal to the same impulse as utopian fiction the desire for an idealized yet illusory society in which evil is purged and justice prevails      **Absolute Beginners** Colin MacInnes, 1980

**Whiteness and the Visual Appropriation of Race in 1980s Britain** Stephanie Polsky, 2025-10-16 This volume delves into the complex topic of race relations in 1980s Britain by examining the concept of whiteness and how it was portrayed visually in popular art and mass media Chapters explore pivotal moments in which the appropriation of race occurred during this critical decade as they relate to the nation's evolving postcolonial identity This book analyses pivotal cultural moments in print media fashion film television music video art and live events that exemplify how race gender and sexuality became operative in the way Britain imagined itself in this crucial decade It contends that the lens of its former colonial empire played a significant role in shaping Britain's self image throughout the 1980s despite its appearance as a postcolonial and multicultural nation The book will be of interest to scholars working in art history visual culture media studies cultural studies and critical race theory      Interconnecting Music and the Literary Word Fausto Ciompi, Roberta Ferrari, Laura Giovannelli, 2018-07-27 Dealing with the interconnections between music and the written word this volume brings into focus an updated range of analytical and interpretative approaches which transcend the domain of formalist paradigms and the purist assumption of music's non referentiality Grouped into three thematic sections these fifteen essays by Italian British and American scholars shed light on a phenomenological network embracing different historical socio cultural and genre contexts and a variety of theoretical concepts such as intermediality the soundscape notion and musicalisation At one end of the spectrum music emerges as a driving cultural force an agent cooperating with signifying and communication processes and an element functionally woven into the discursive fabric of the literary work The authors also provide case studies of the fruitful musico literary dialogue by taking into account the seminal role of composers singer songwriters and performers From another standpoint the music in literature and literature in music dynamics are explored through the syntax of hybridisations transcoding experiments and iconic analogies      Songbooks Eric Weisbard, 2021-04-23 In *Songbooks* critic and scholar Eric Weisbard offers a critical guide to books on American popular music from William Billings's 1770 *New England Psalm Singer* to Jay Z's 2010 memoir *Decoded* Drawing on his background editing the *Village Voice* music section coediting the *Journal of Popular Music Studies* and organizing the *Pop Conference* Weisbard connects American music writing from memoirs biographies and song compilations to blues novels magazine essays and academic studies The authors

of these works are as diverse as the music itself women people of color queer writers self educated scholars poets musicians and elites discarding their social norms Whether analyzing books on Louis Armstrong the Beatles and Madonna the novels of Theodore Dreiser Gayl Jones and Jennifer Egan or varying takes on blackface minstrelsy Weisbard charts an alternative history of American music as told through its writing As Weisbard demonstrates the most enduring work pursues questions that linger across time period and genre cultural studies in the form of notes on the fly on sounds that never cease to change meaning *New Society*, 1987 *Proceedings of the ...
