Cozzens,2015-07-12 Excerpt from Acadia Or a Month With the Blue Noses As I have a sort of religion in literature believing that no author can justly intrude upon the public without feeling that his writings may be of some benefit to mankind I beg leave to apologize for this little book I know no critic can tell me better than I know myself how much it falls short of what might have been done by an abler pen Yet it is something an index I should say to something better The French in America may sometime find a champion For my own part I would that the gentler principles which governed them and the English under William Penn and the Dutch under the enlightened rule of the States General had obtained here instead of the narrower the more penurious and most proscriptive policy of their neighbors I am indebted to Judge Halliburton s History of Nova Scotia for the main body of historical facts in this volume Let me acknowledge my obligations His researches and impartiality are most creditable and worthy of respect and attention About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Acadia Frederic S.
